

Soul  
Eater

post

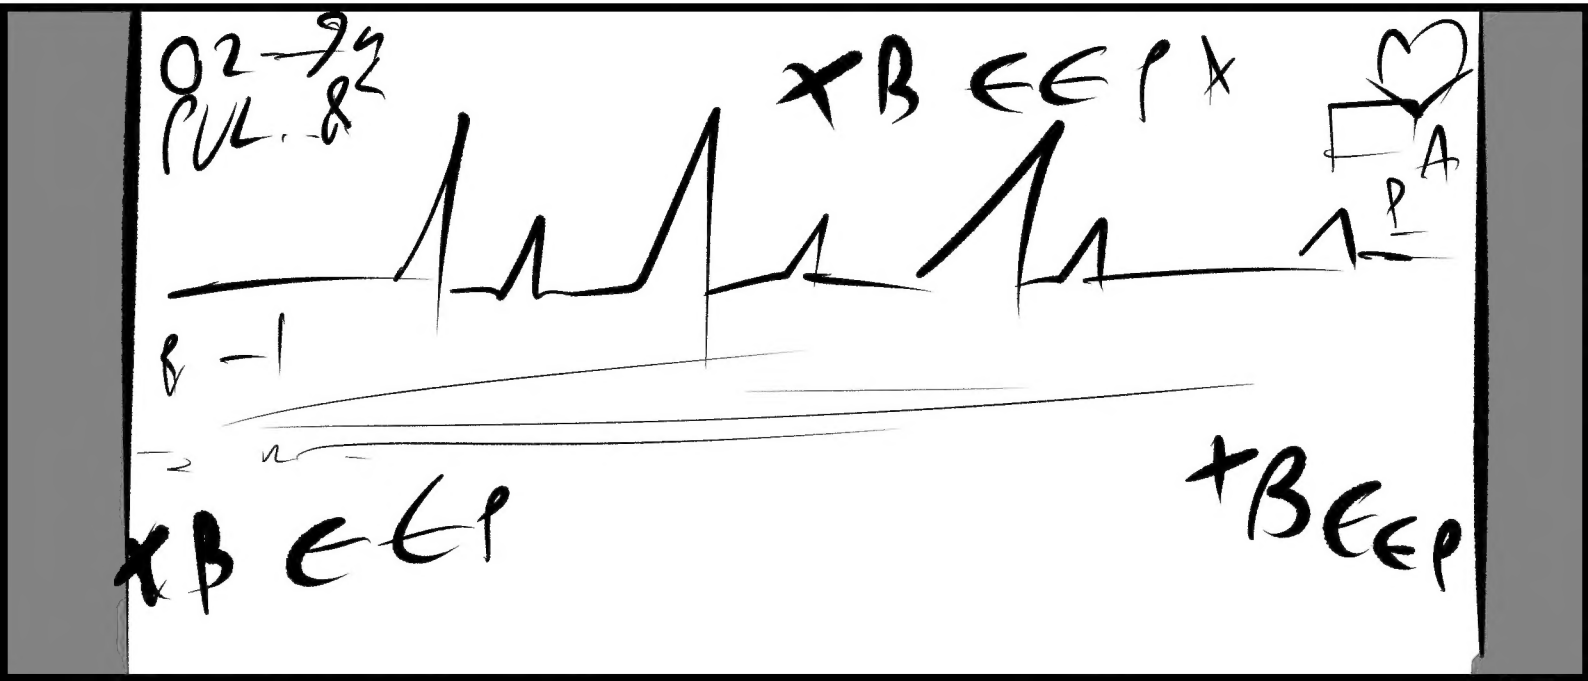

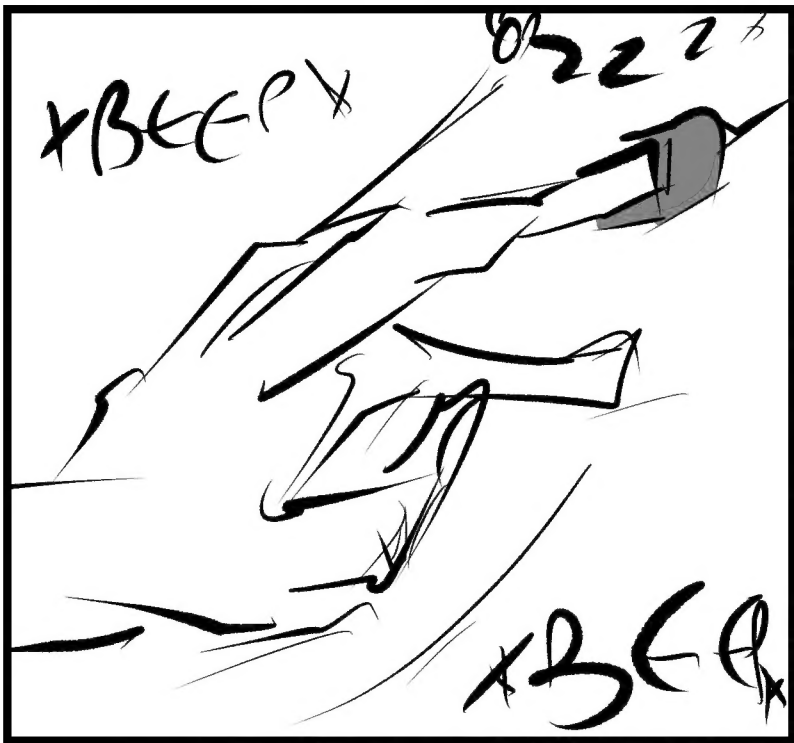

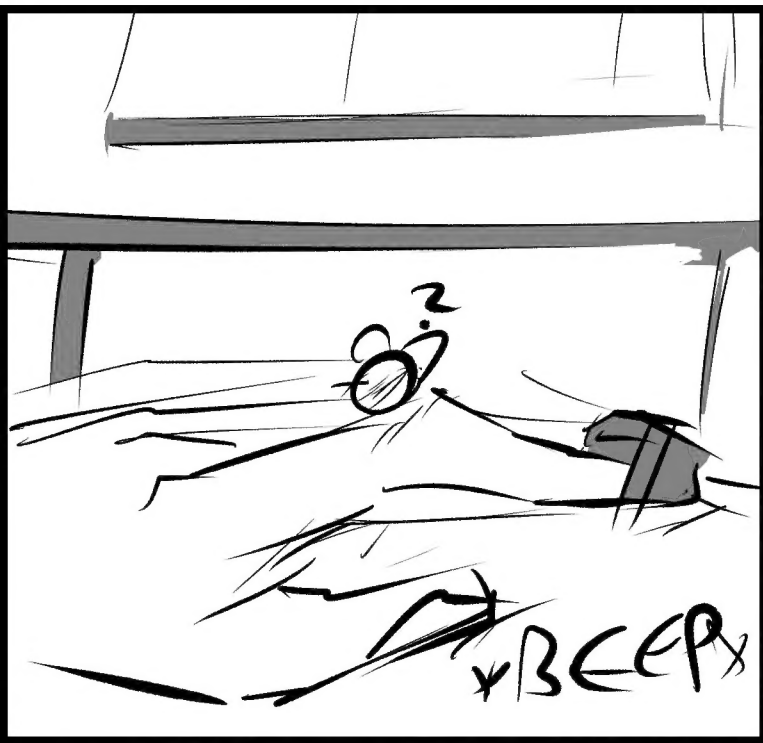

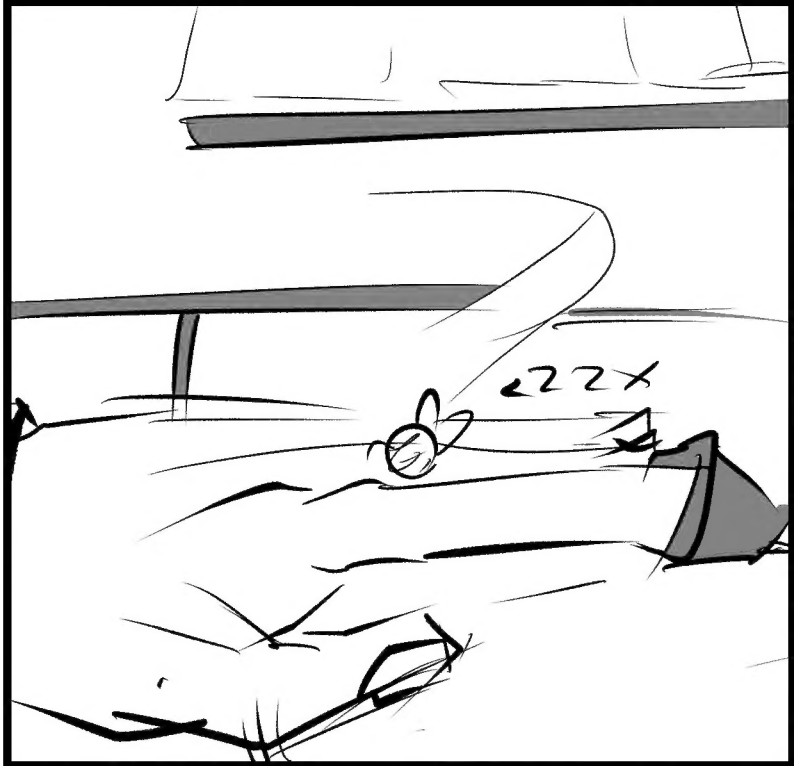

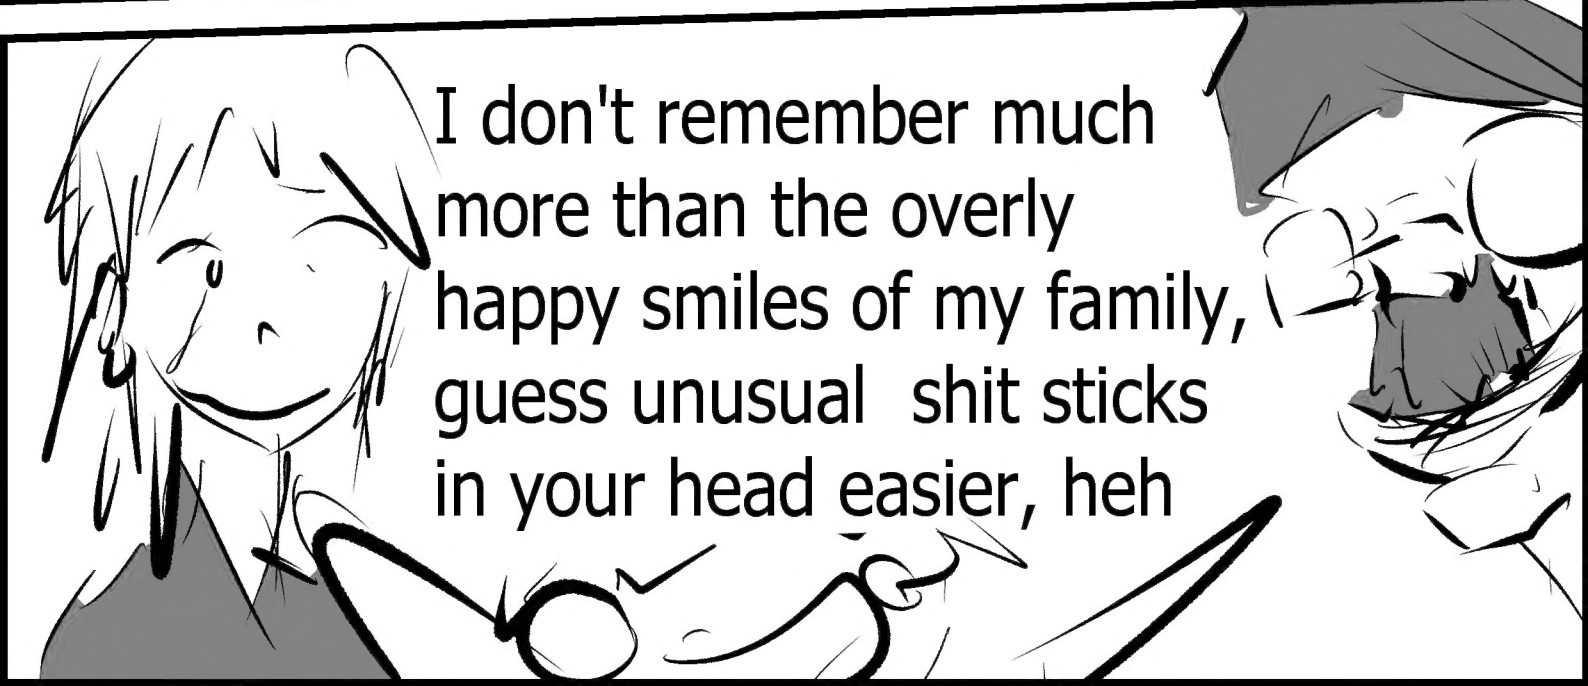

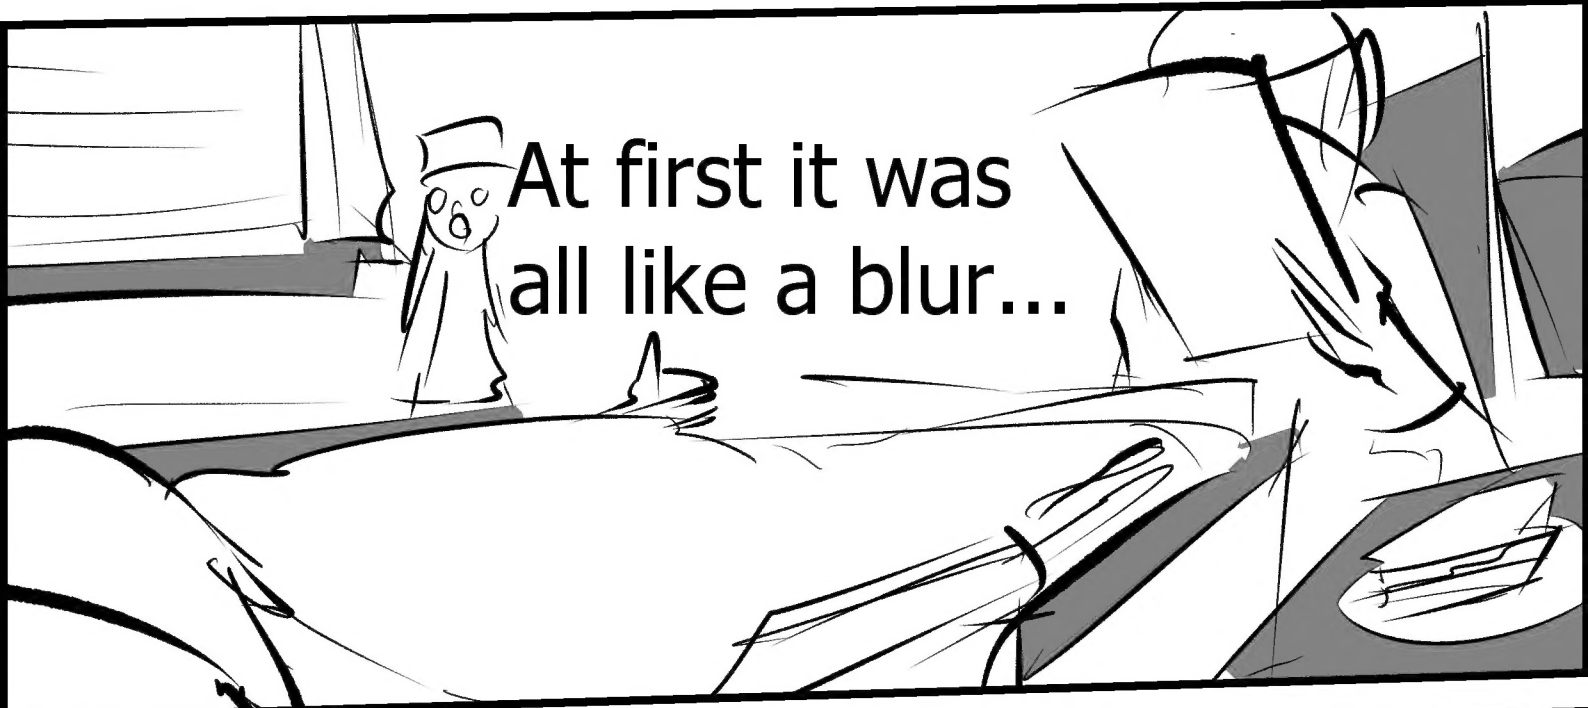

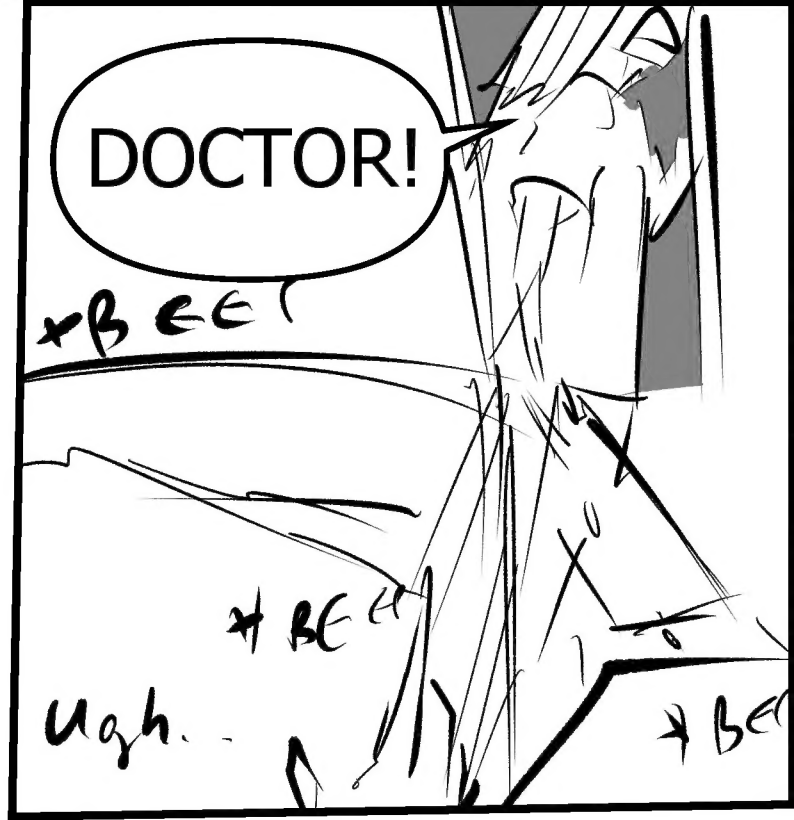

has come

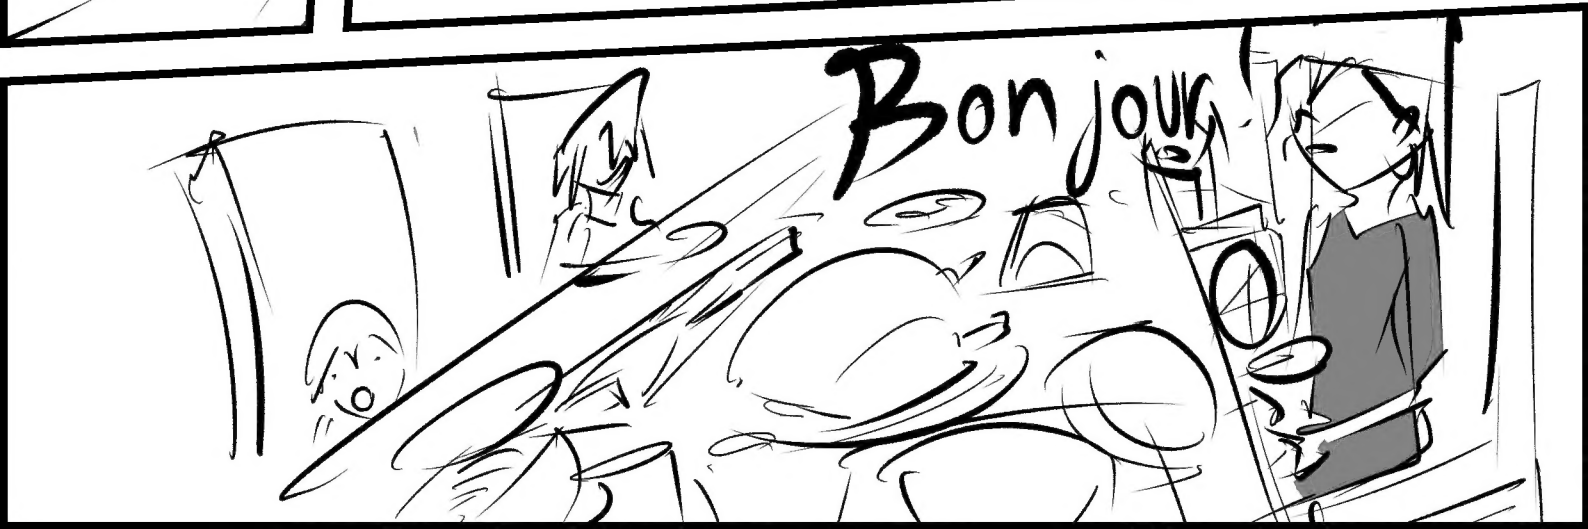

to

30

Why does it taste so stale?

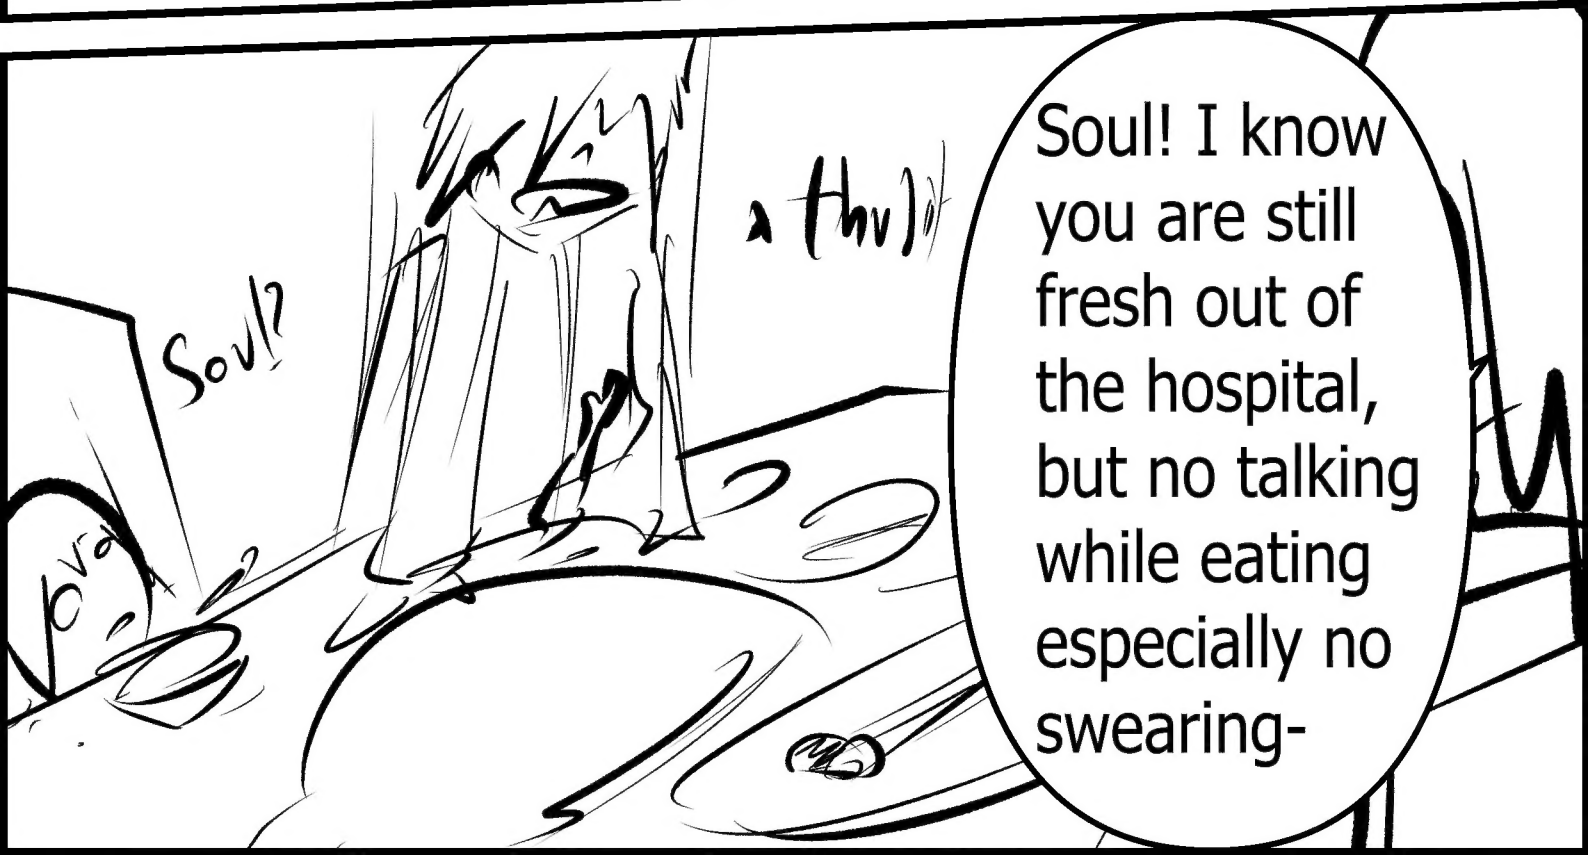

Leaves a bad taste, as if...

I'm forgetting  
I already ate  
something-

Oh shit!

Soul! I know  
you are still  
fresh out of  
the hospital,  
but no talking  
while eating  
especially no  
swearing-

How could I forget!

Oh you never were good with manners-

No, I mean that wacko killer witch!

Witch? You must be confusing something

What?! I mean that Coco-

Phonia? She sadly "moved" to another country...

They really are hiding it from her? Maybe it's for the best tho...

I wish I could have at least said goodbye

Hey don't sweat it, you know how these birdbrain musicians can be...

But I just remembered  
her "business associates"  
will be visiting Death City,  
so I'll give them your regards

W-wait Soul,  
you can't be  
leaving already,  
y-you just-

Let him go

He is a man now,  
if it is his duty to  
go he has to go

But you  
just came  
home and  
now you...

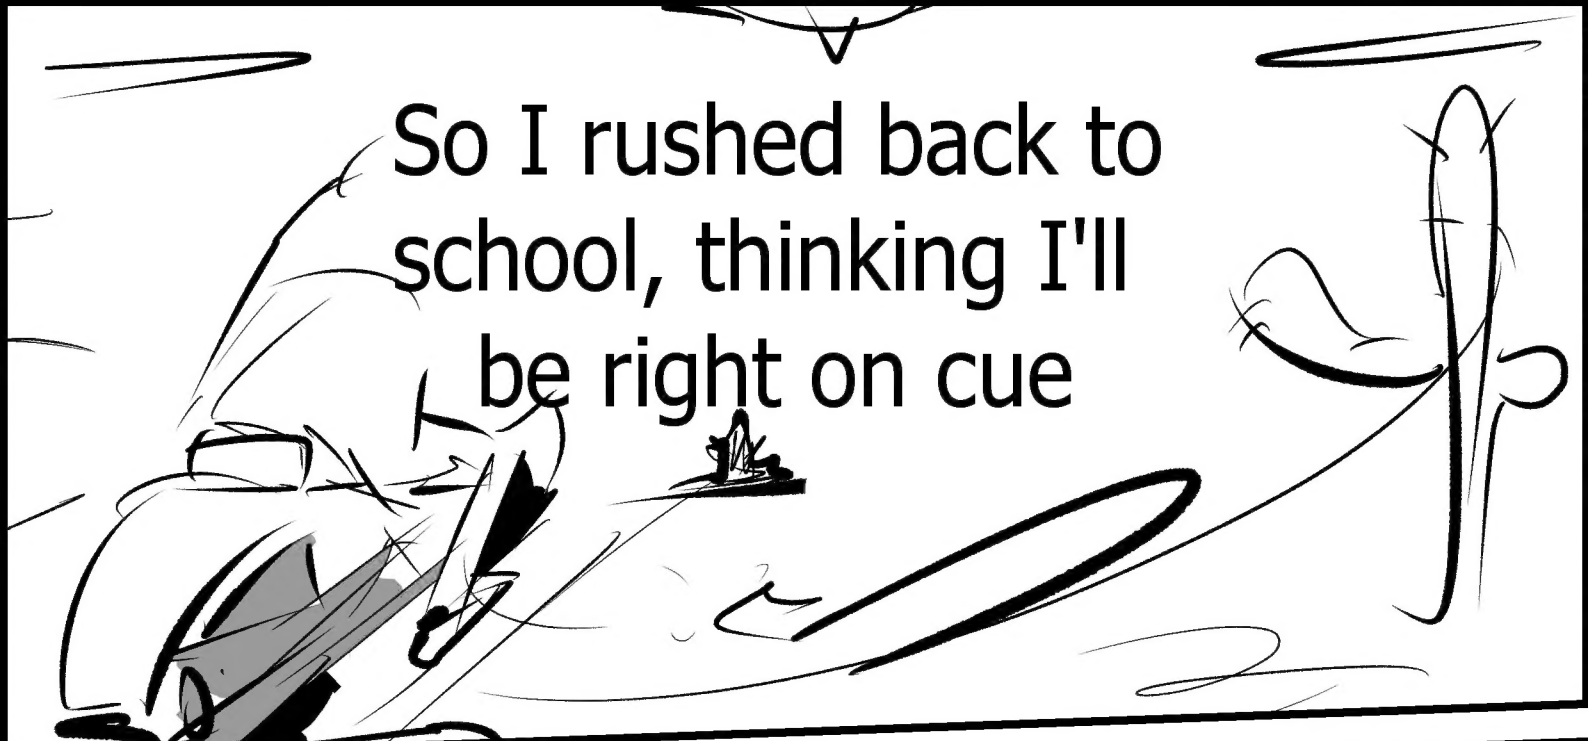

Hey don't worry,  
I'll be back soon

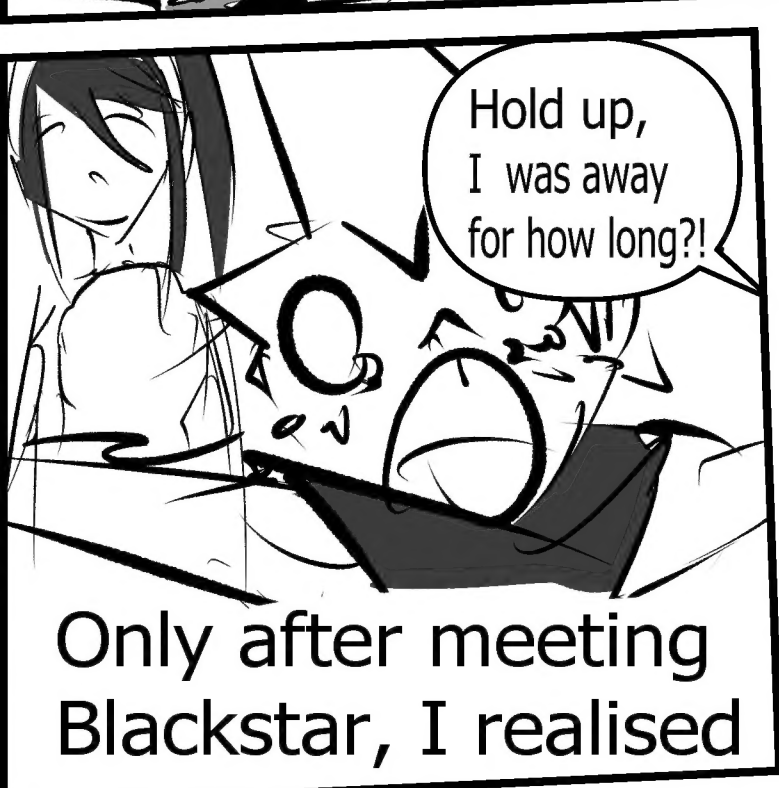

Just have  
to deal with  
some wrongs  
that I need  
to right...

Apologise  
for promises  
I broke...

So I rushed back to  
school, thinking I'll  
be right on cue

Hold up,  
I was away  
for how long?!

Only after meeting  
Blackstar, I realised

I missed the beat

Damn, coma made  
me forgot how  
calendars work

Go Soul go, I'll  
hold down the  
forth, just for  
the moment we'll  
reunite again!

Uh sure dude,  
see ya then...

So after a quick recap from them, I hurried to your location asap

Oh...  
But why not Maka's-  
Or no, please don't say-

Nah nah, she's fine

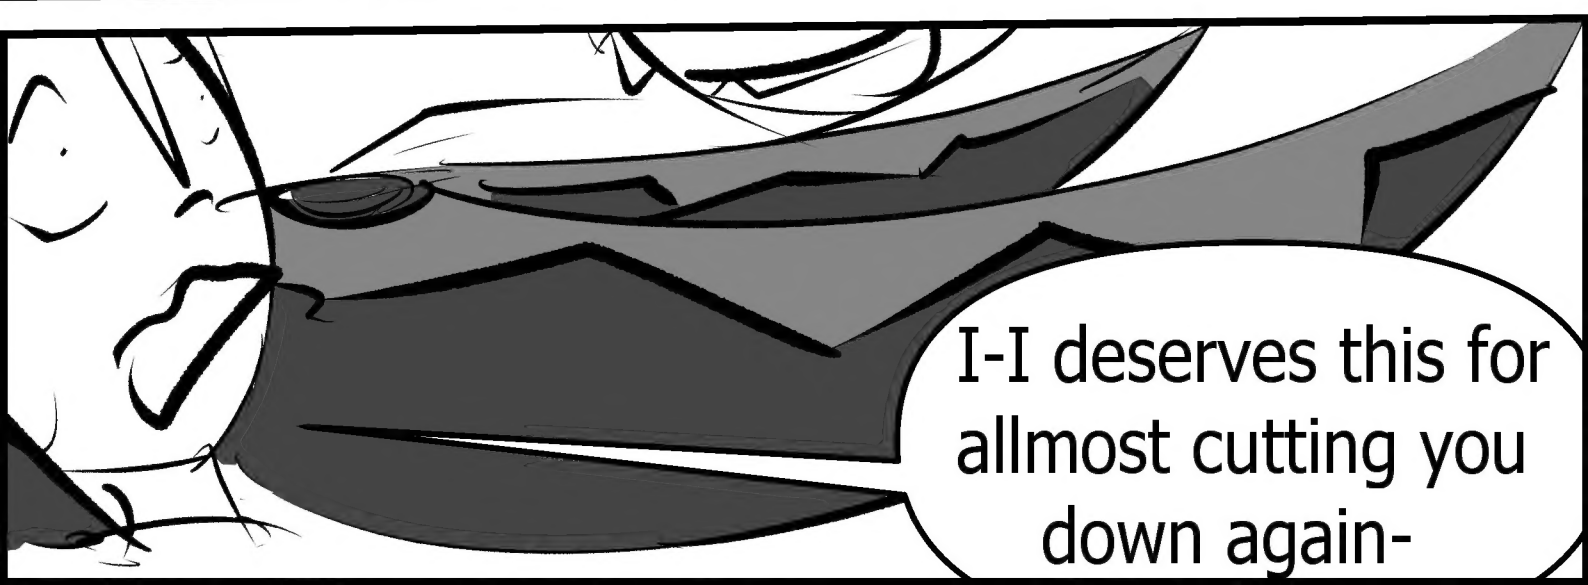

R-really? she is-

But wait how do you know-  
and how did you know I-

Well...

I-I deserves this for almost cutting you down again-

Nono, don't have to turn it so morbid out of the sudden

What I tried to show

is that I became a deathscythe

I'm still figuring it all out, I don't even really remember eating that bitch's soul

Both apply, anyway-

You mean witch's?

You might be right...

She was a parrot witch, so it seems I got the power to send of copied wavelengths

Hearing Maka's naging for the last few years made me know hers better than the C major scale on the piano

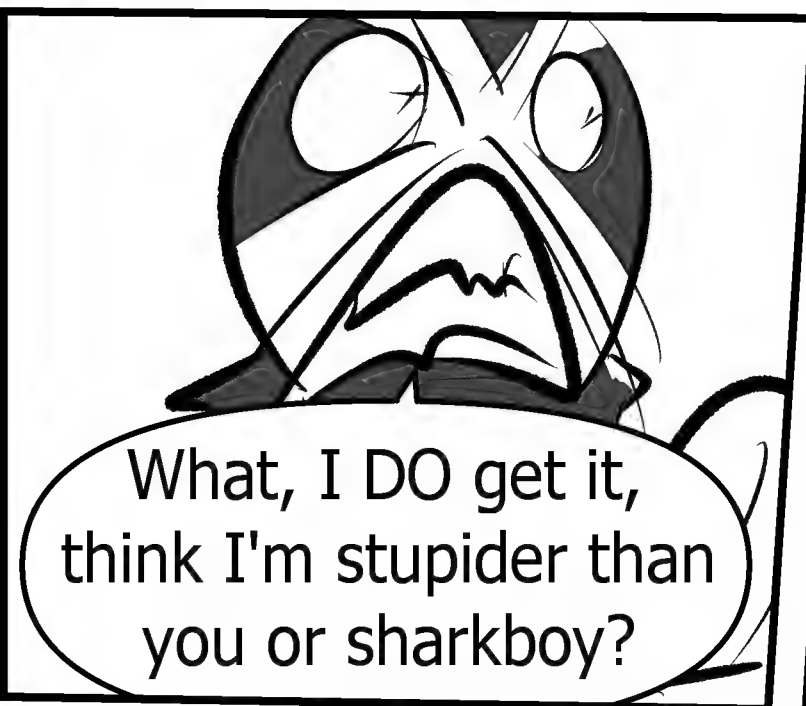

So by using my scythe like some crooked tuning fork, I can send of the copied wavelenght and when it clashes with the original, it resonates, making me able to find her

What a bullshit explanation!

I can try to simplify it, if you don't get it

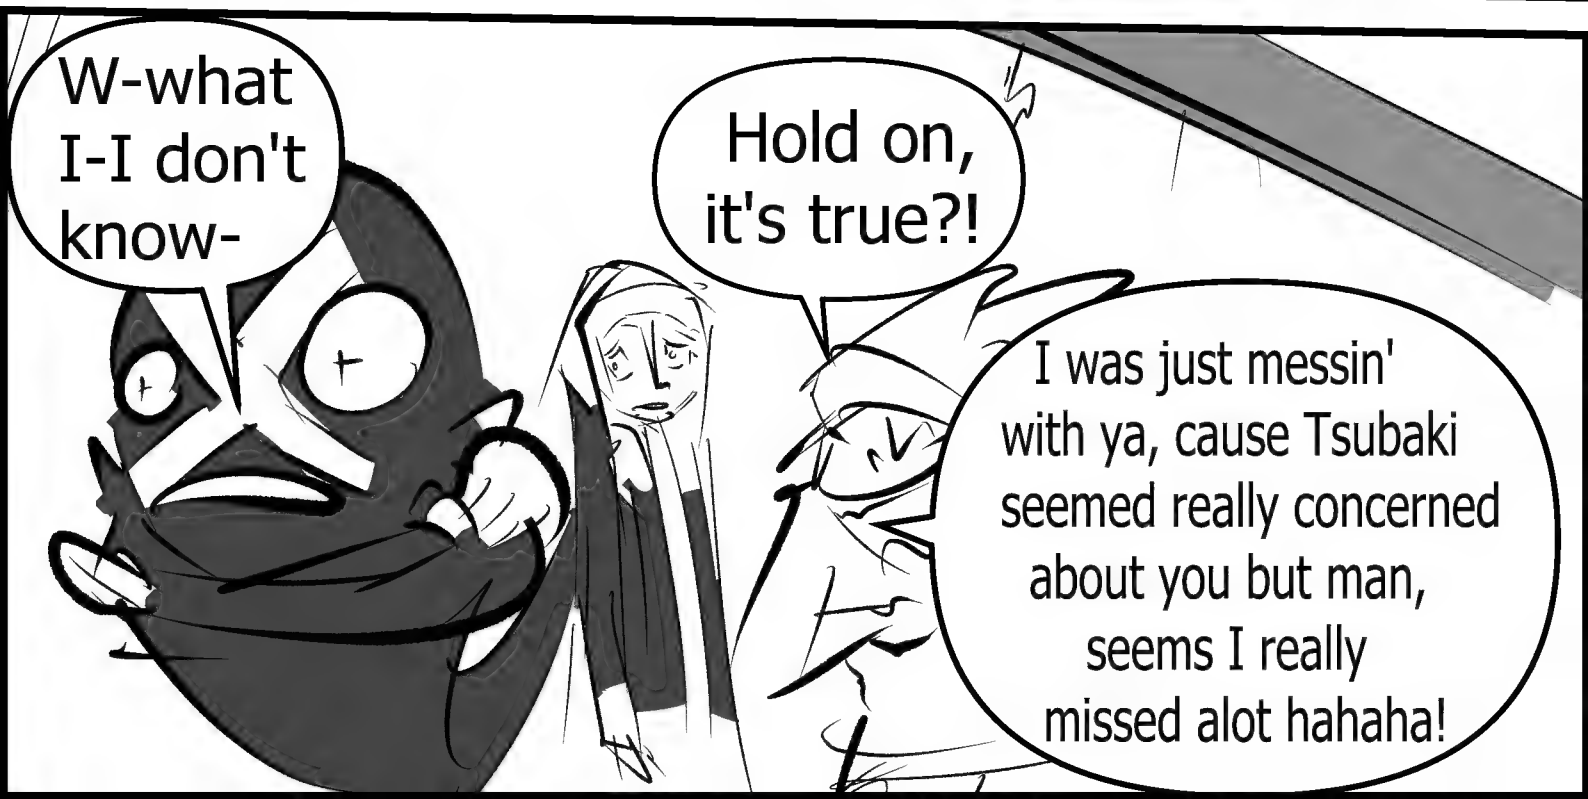

What, I DO get it, think I'm stupider than you or sharkboy?

Hey, no shame in not checkin' it, shit is complicated

Like I don't get how you and Tsubaki are dating or something

W-what I-I don't know-

Hold on, it's true?!

I was just messin' with ya, cause Tsubaki seemed really concerned about you but man, seems I really missed alot hahaha!

Like you getting a ride, and I thought my folks were rich

Oh I guess they are, or are they more upper-middle class- I mean, no, it's a long story

K, anyways:

Let's load up my bike in the back and go find her

So you really do know her location...

(Man there's barely any room...)

Heh? Yeah

But will you...

Be able to fight on your own, without Maka?

I'll got more experience with that then I wanted, but actually:

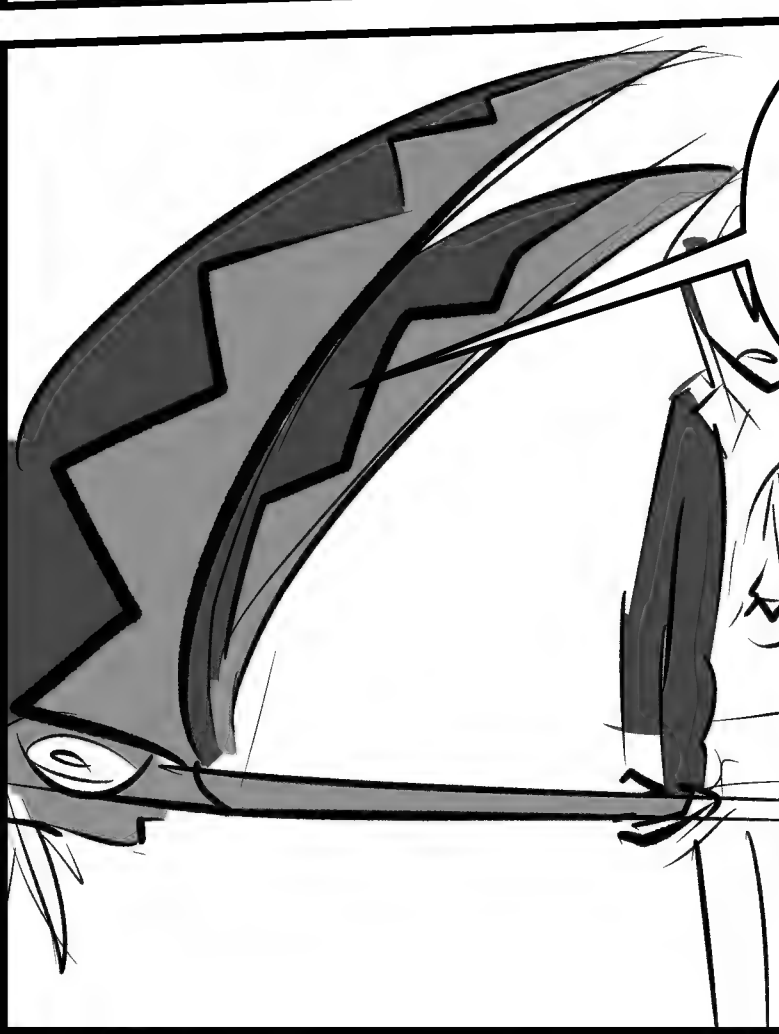

\*swish\*

After hearing  
some things,  
even if it was  
on fast forward

\*rust\*

I'm sure you can  
weild my weapon  
form, if shit really  
hits the fan

But-but-

I'm a death scythe,  
so it should be no  
big deal, right?

A character with a scythe is shown from the chest up, looking towards the right. The scythe is visible behind their back.

They said you  
had some experience  
weilding a scythe,  
and we share  
a goal right?

A close-up of a character's face, looking down with a slight smile. Their eyes are closed, and their mouth is slightly open.

You really  
trust me...

Even after I broke  
my promise to  
keep her safe-

A close-up of a character's face, looking down with a slight smile. Their eyes are closed, and their mouth is slightly open.

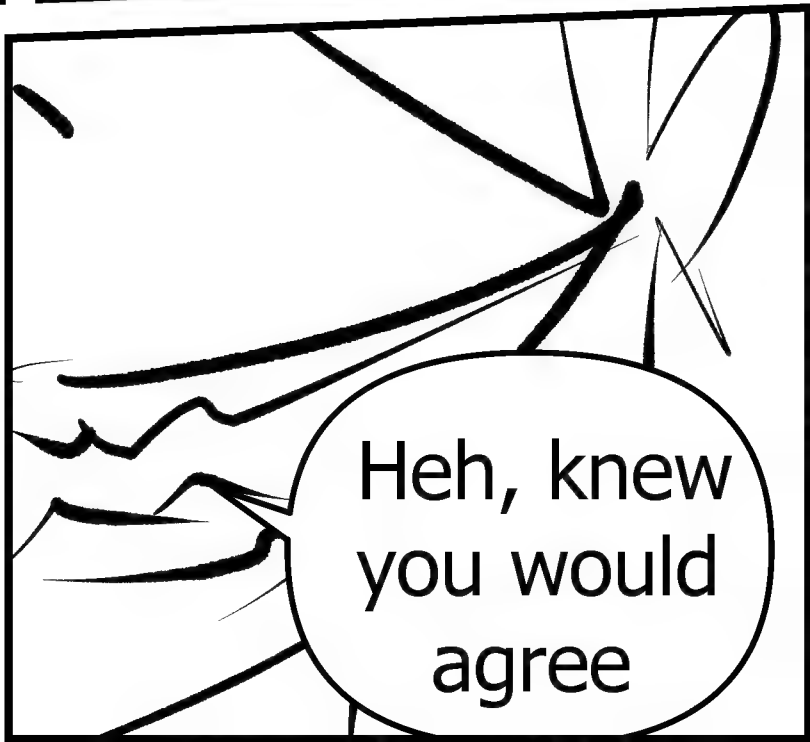

Tch, can't hold  
that over your  
head when I  
broke one too...

A close-up of a character's face, looking down with a slight smile. Their eyes are closed, and their mouth is slightly open.

So let's  
make up  
for it

A close-up of a character's face, looking down with a slight smile. Their eyes are closed, and their mouth is slightly open.

Right!

A close-up of a character's face, looking down with a slight smile. Their eyes are closed, and their mouth is slightly open.

Heh, knew  
you would  
agree

To rescue Maka,  
the power of a  
death scythe is  
what we need

Resonance

Witch Hunter

Maybe there is a  
chance after all...

Guess even after  
all the extra souls  
I ain't good enough  
for ya, eh?

It's not time  
for this now

Hey, you are  
supposed to  
comically reassure  
me, \*guipi\*!

I'll worry about  
that if we can  
reassure Maka's  
safety

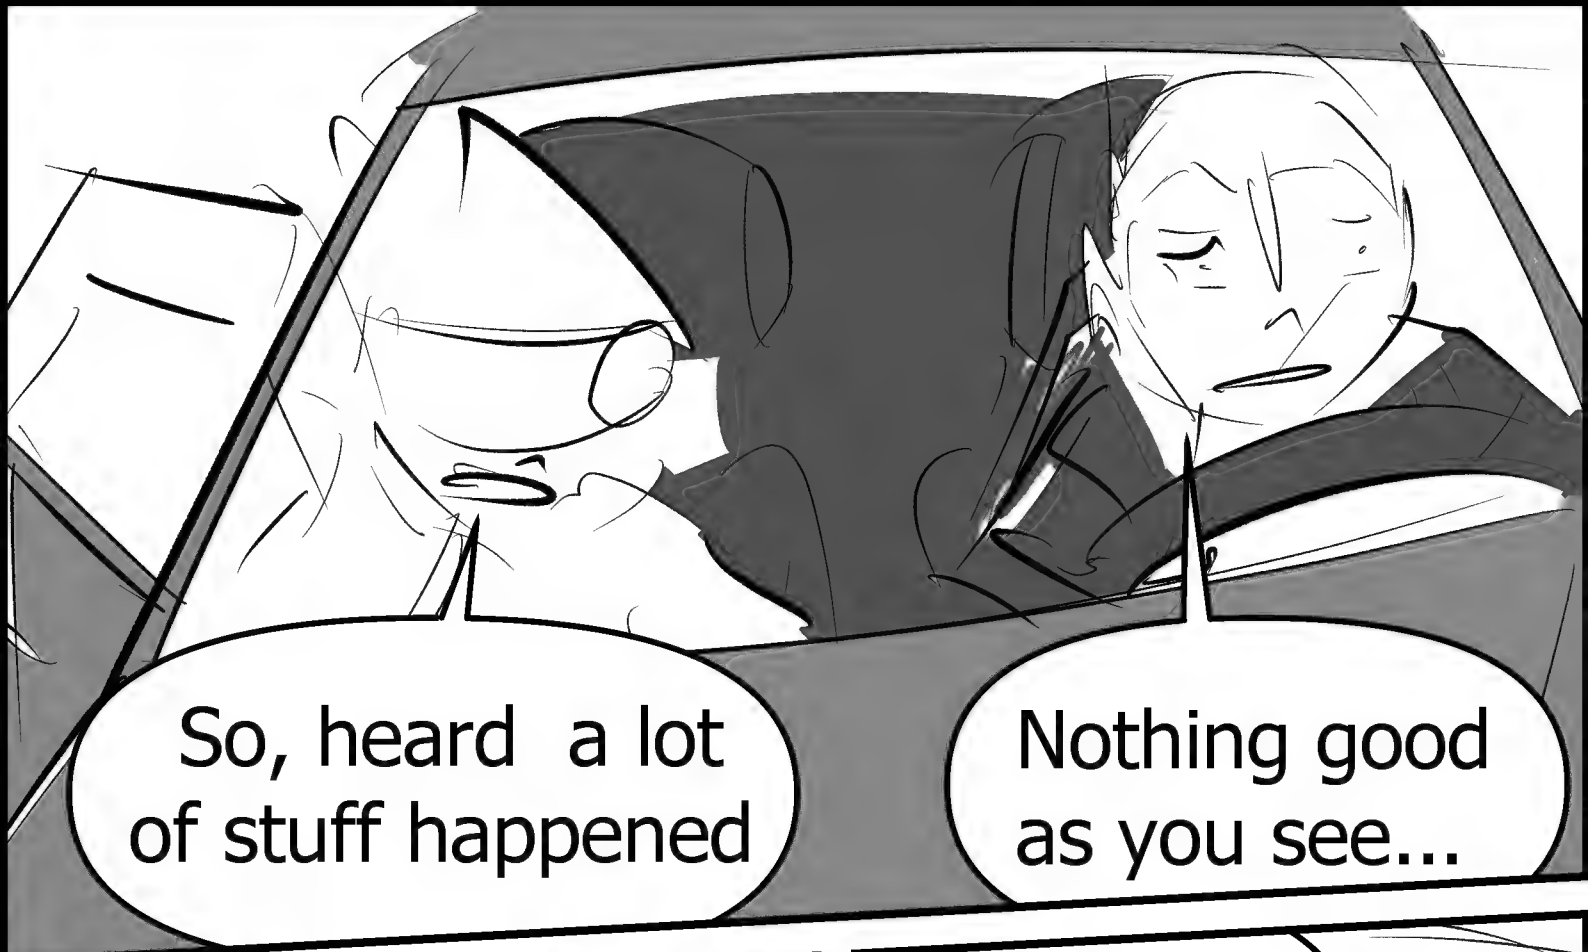

Sheesh

It ain't good being  
agitated all the time

Are you sure?  
Even in a situation  
like this? Whatever  
let us just drive...

Just giving  
ya advice,  
take it or  
leave it...

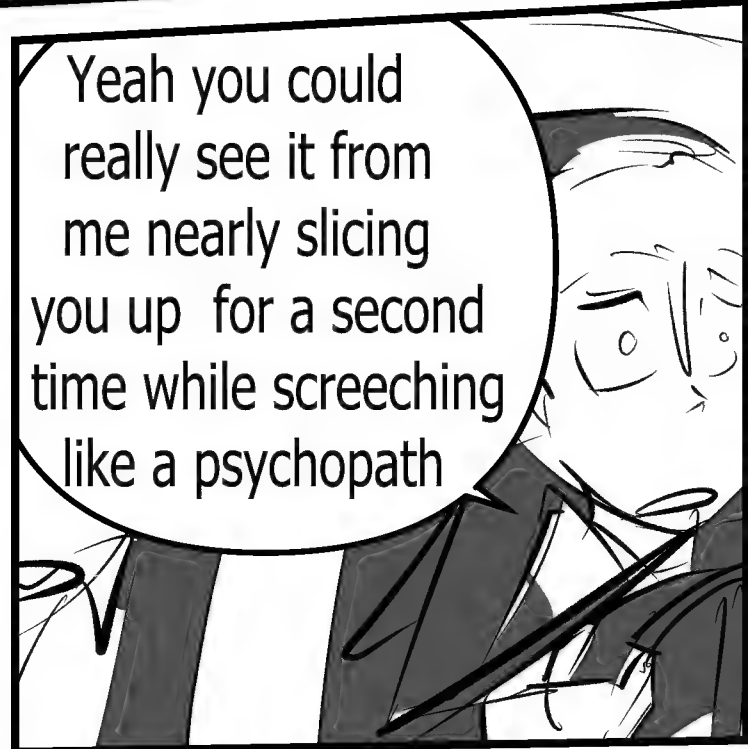

So, heard a lot of stuff happened

Nothing good as you see...

Didn't ya get that special anti-evil or whatever thing?

Yeah you could really see it from me nearly slicing you up for a second time while screeching like a psychopath

Yeez, since when are you like this?

Yeah yeah, I'm allways negative, heard that before...

Heh, ok, THAT, negative, you were, but-

Were?

The coma still messing with your perception or what?!

This is what I mean!

What, bad quip humor?

You're the one that wanted to small talk in the first place

Again, what's with all this sarcasm and cynicism all of the sudden?

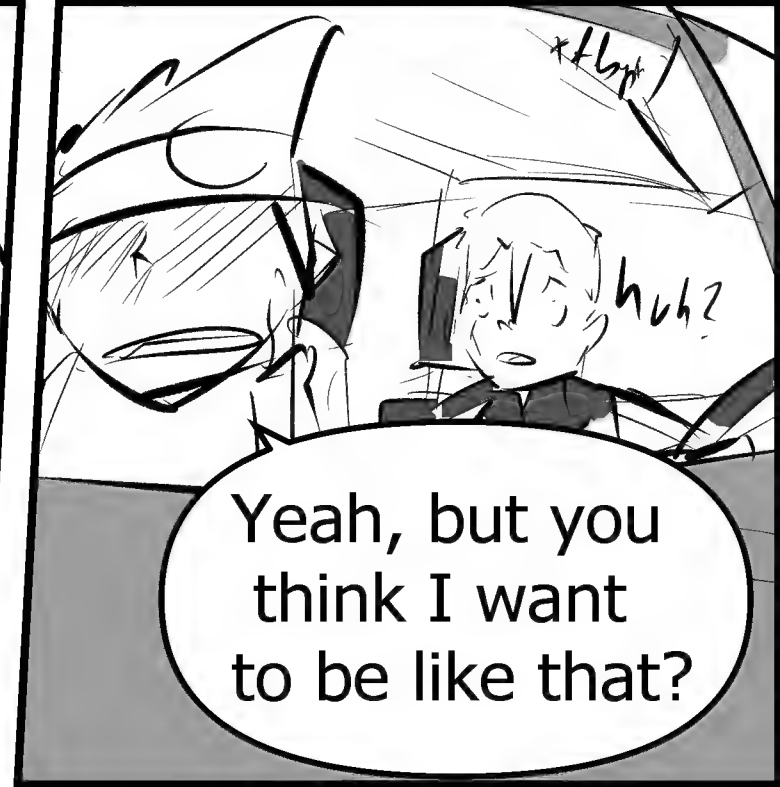

In a world of witches, what else is left?...

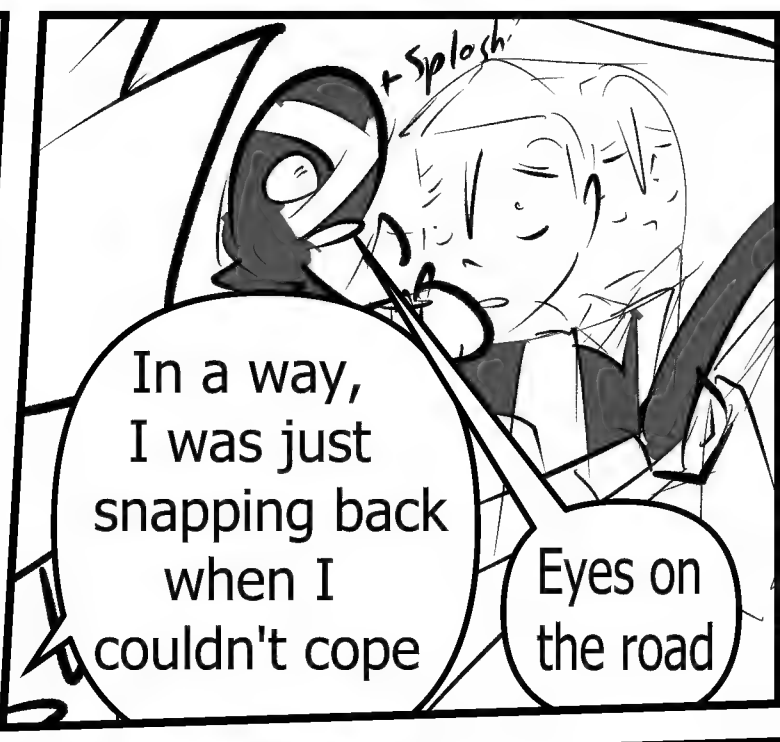

Besides, it's not like you also just talk in dismissive half jokes and act like nothing fazes you anymore

Yeah, but you think I want to be like that?

That's just how I used to deal with my parents and others back home

In a way, I was just snapping back when I couldn't cope

Eyes on the road

But now when I went back, I saw my homelife ain't that bad afterall

Shit man, I live in a mansion!

Congratulations on discovering your status as being part of the bourgeoisie

But still, even when next to my little sister, I still have to act like some wise guy...

Allways just snearing at everything

Allways having to act cool, not showing any genuine emotions

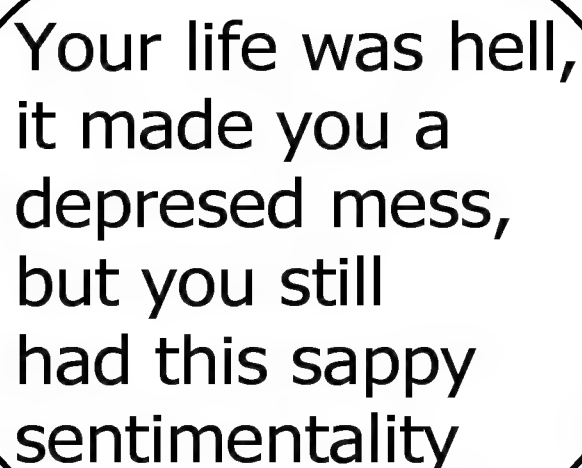

You know, not being able to be real with my loved one's is kinda sad...

Tch if you got messed up like that, what hope is there for someone like me

But that's it!

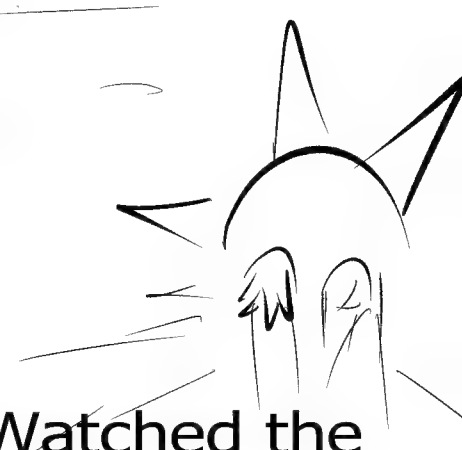

Your life was hell, it made you a depressed mess, but you still had this sappy sentimentality

You picked  
flowers  
for Maka  
when she  
was sick

wrote weird  
poetry with  
her without  
laughing at  
the idea

Watched the  
sunset like it  
was more than  
a stupid face  
moving around

And you did  
that all without  
any irony, or  
acknowledgment  
of how lame and  
emberasing it is

Yeah, he didn't get  
enough bullying  
for that...

I-I-  
o-ok-

Damn you even held hands  
and cried on each others  
shoulder atleast twice,  
like a bunch of schoolgirls  
or something

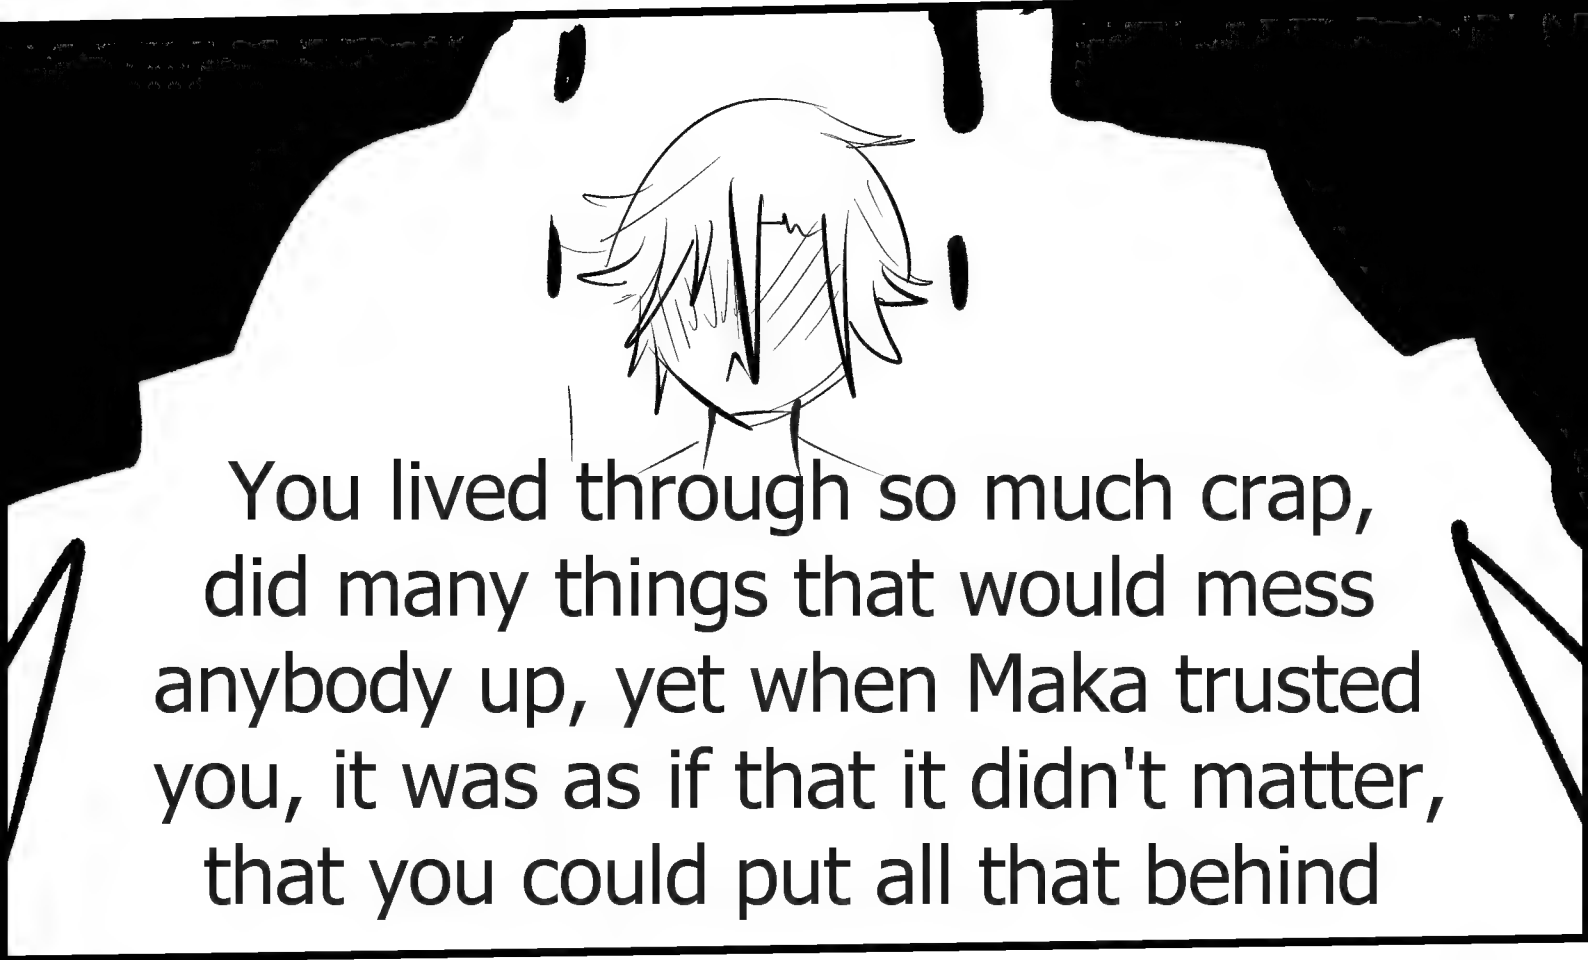

No no... Please continue

Heh, I guess I  
already dug  
myself into this  
hole so who  
gives a shit!

So what  
I'm trying  
to say is:

You lived through so much crap,  
did many things that would mess  
anybody up, yet when Maka trusted  
you, it was as if that it didn't matter,  
that you could put all that behind

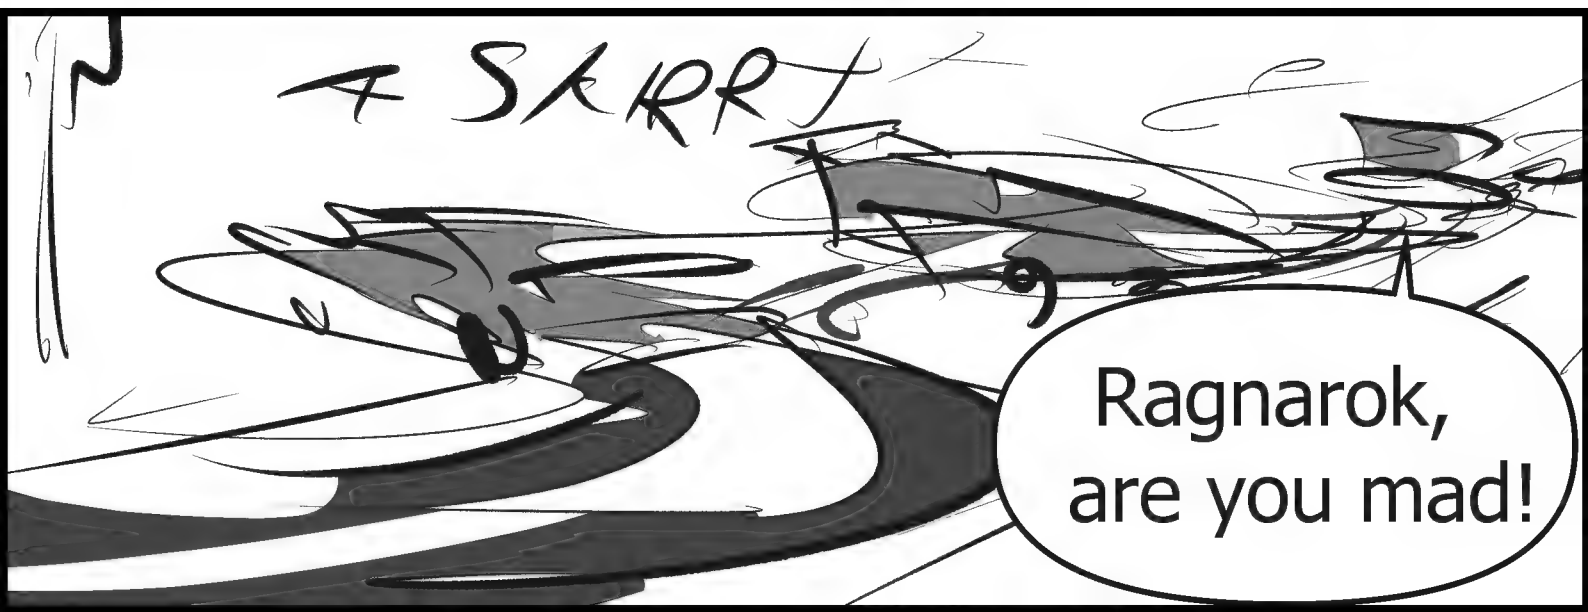

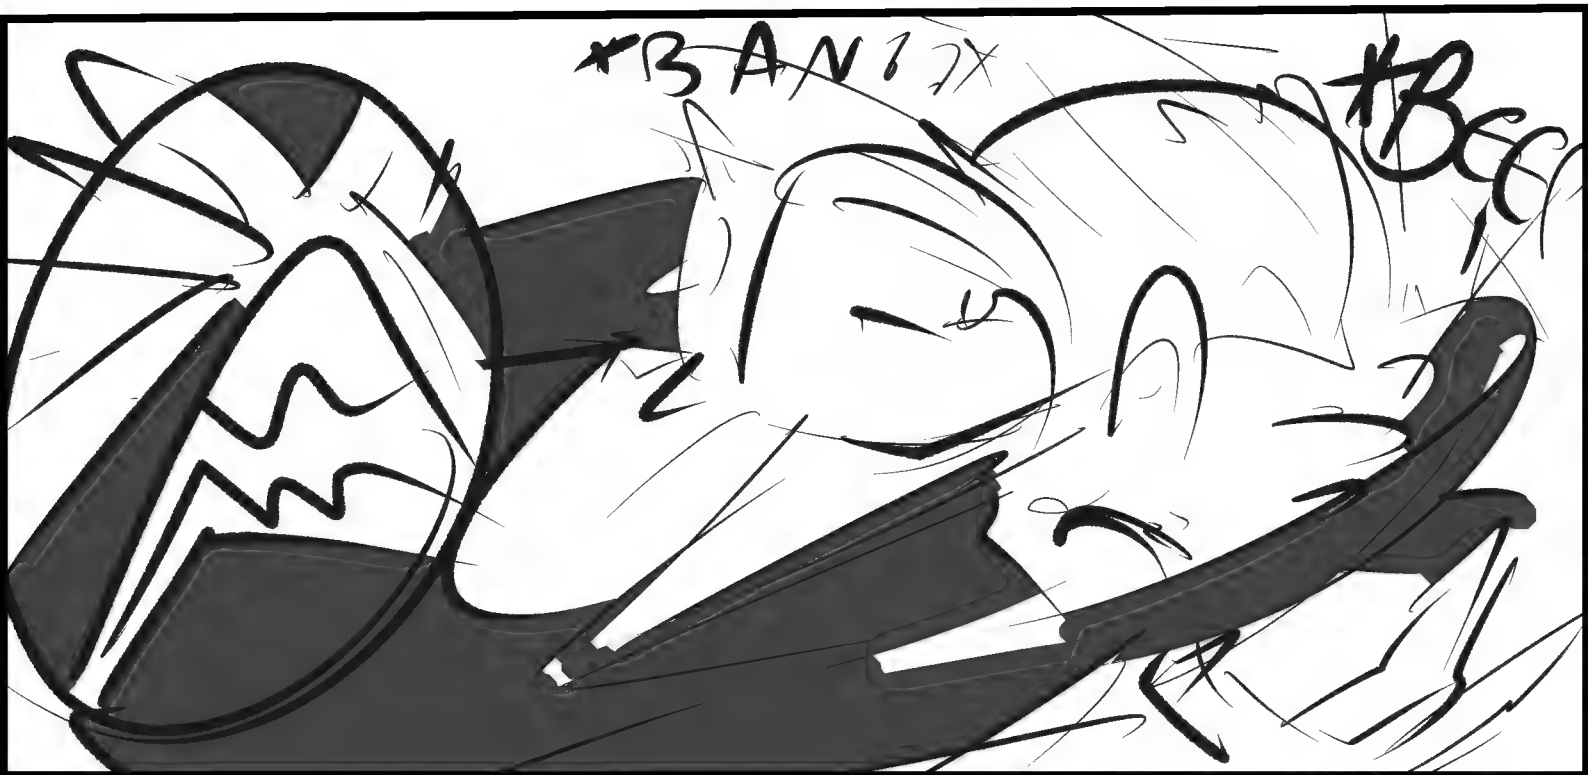

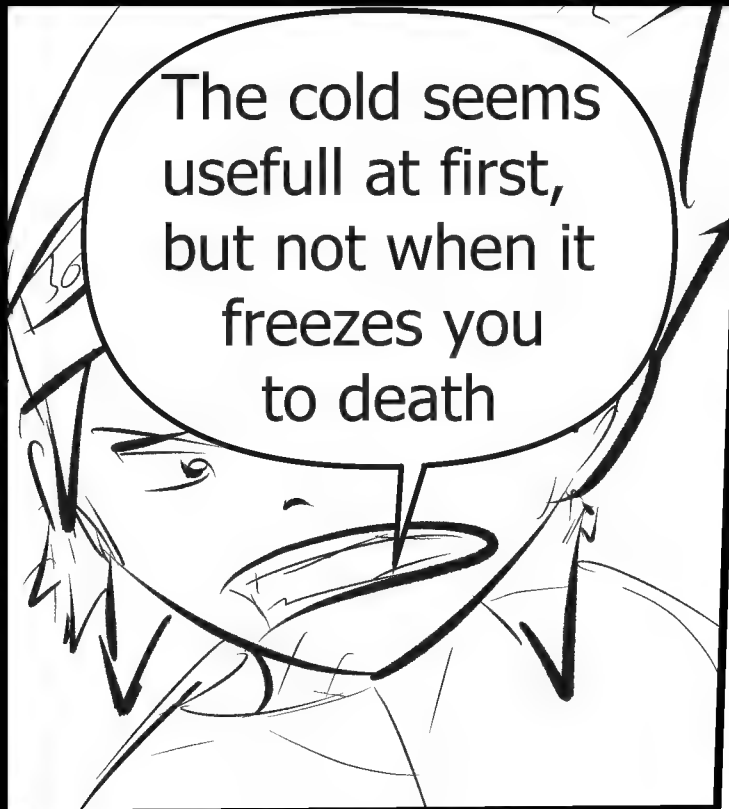

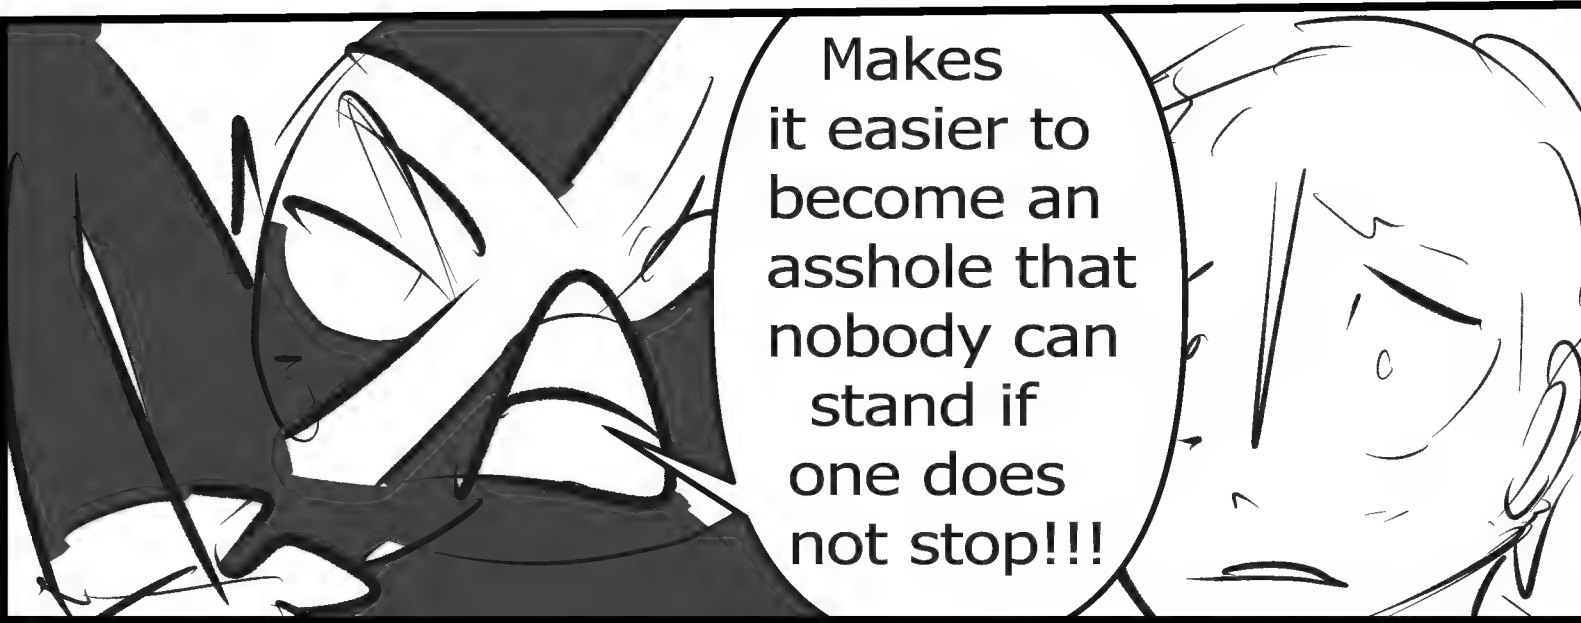

So I advice you:

Don't break now,  
it ain't worth it

Hell, if you don't listen to me, then at least listen to the bad dental plan victim-

See, this is what I mean!

Can't even agree with someone without insulting them

Think that is fun?

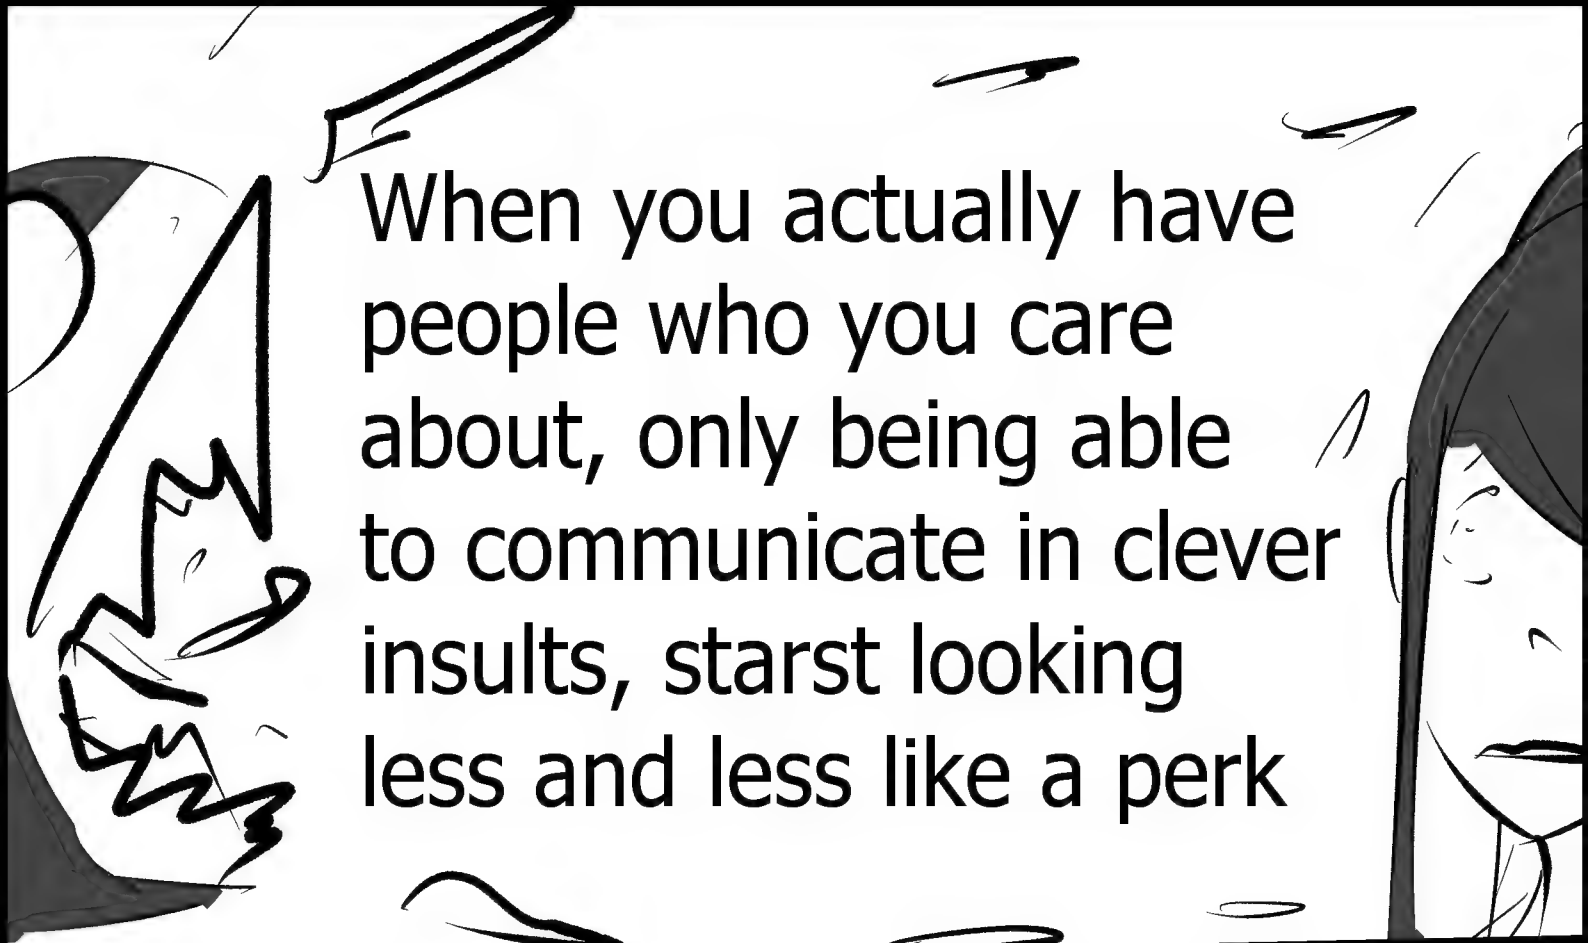

Never being able to turn it off, really fun, huh?

Staying a monster, spitting venom

even when trying to be just a normal loser...

When you actually have people who you care about, only being able to communicate in clever insults, starst looking less and less like a perk

Even with the one-

shit

I can't even say it!

Being stuck so deep in this crap!

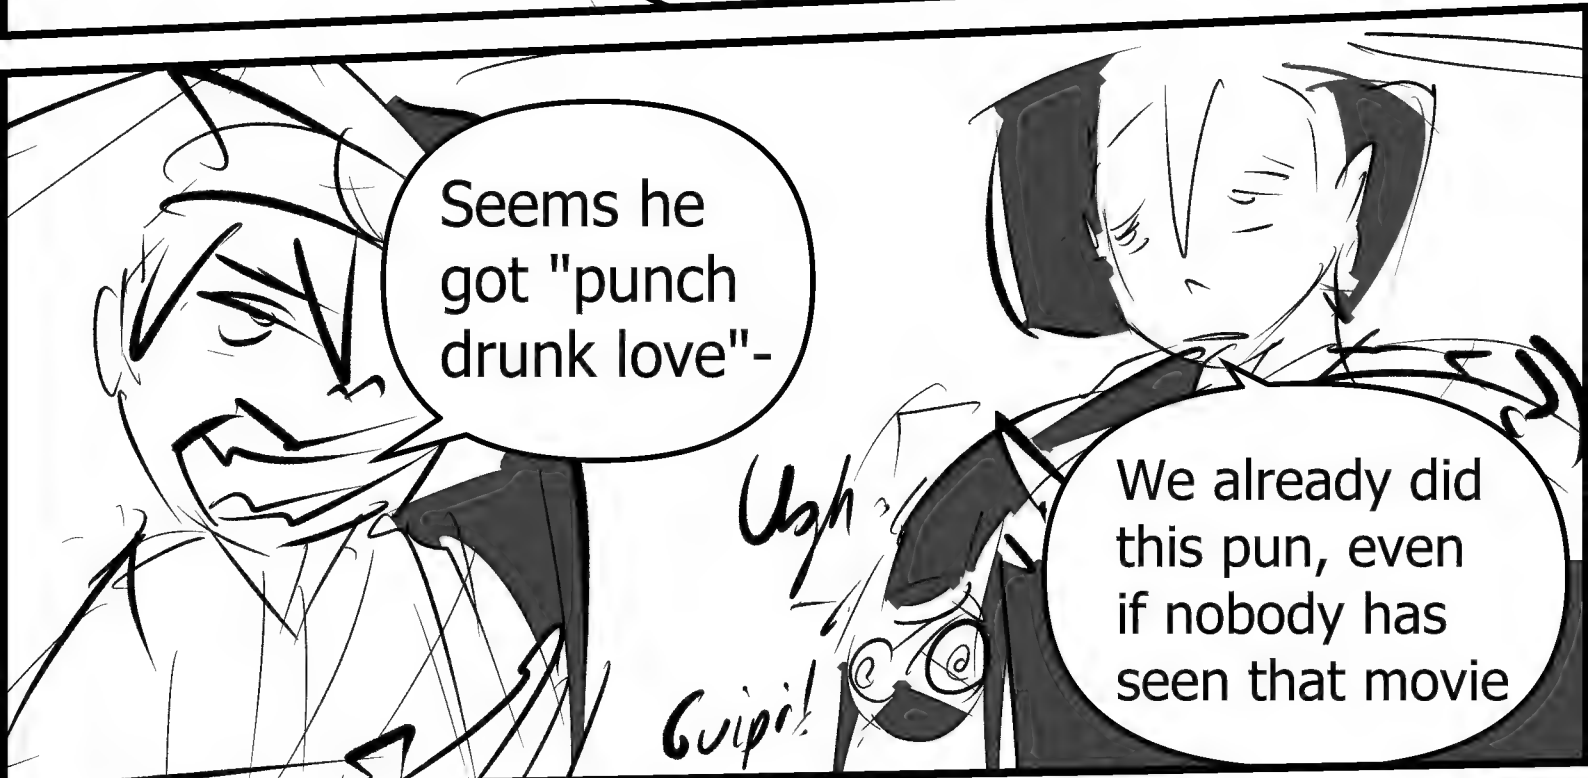

Thinks it's fun that I can't even admit it?!?

The fact that I love Tsubaki!?!?

WHY THE HELL  
DID I SAY THIS  
OUT LOUD!!!!!!

Seems he  
got "punch  
drunk love"-

We already did  
this pun, even  
if nobody has  
seen that movie

Wh-what? No-  
I mean, I didn't  
mean it like that...  
Especially after...

Come on, are  
you that cynical  
that you don't  
watch Adam  
Sandler movies  
out of principle?

Remembering  
how much people  
do care about me

I'm even sure they  
will forgive me for  
betraying their trust  
again, I mean if  
I come back alive...

So maybe I  
should atleast  
pretend not  
to be so-

Tch don't bother  
if you have to  
"pretend"

You know  
Maka better  
than this

She will tell  
if your smile  
is fake

great-

Fuel is getting low

One mistake I won't repeat

I hope I don't  
mix up the  
octanes again...

I'll buy  
some  
snacks

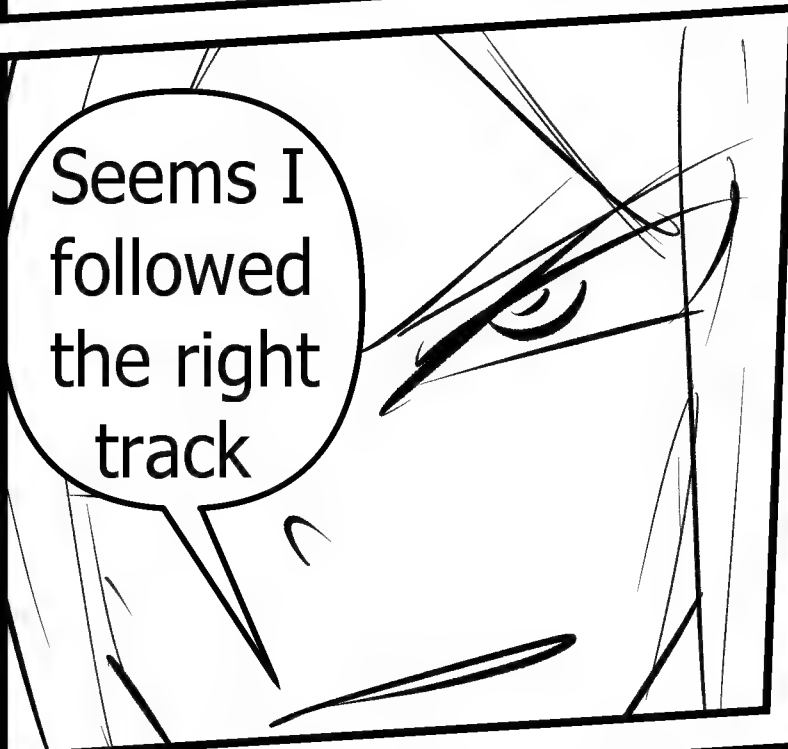

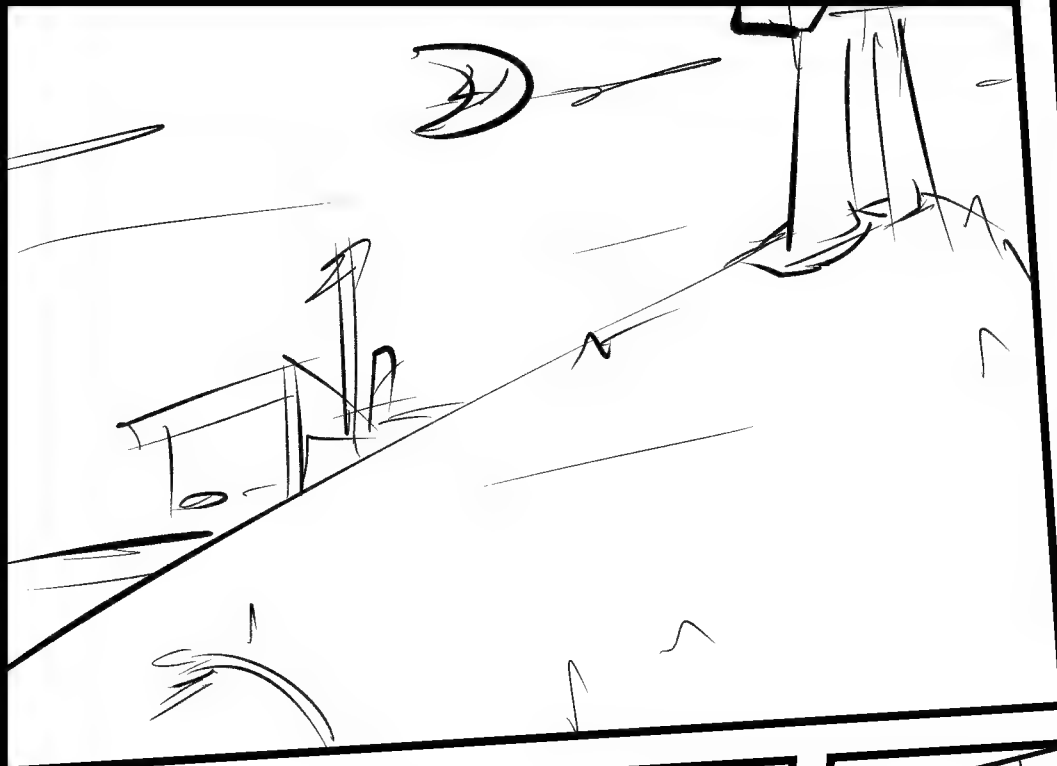

You better come  
back with some  
chilli dogs and  
not fish bait!

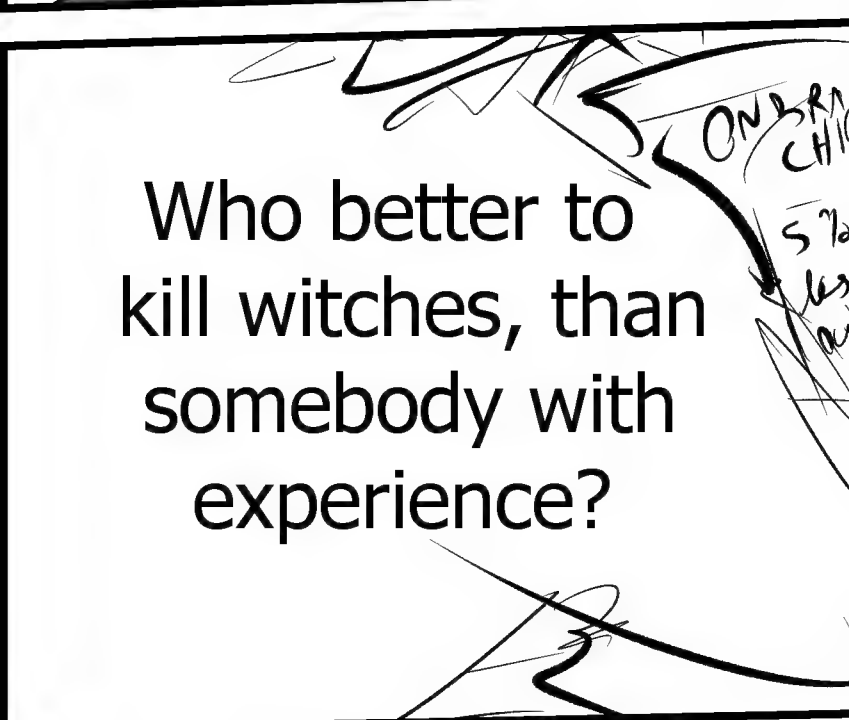

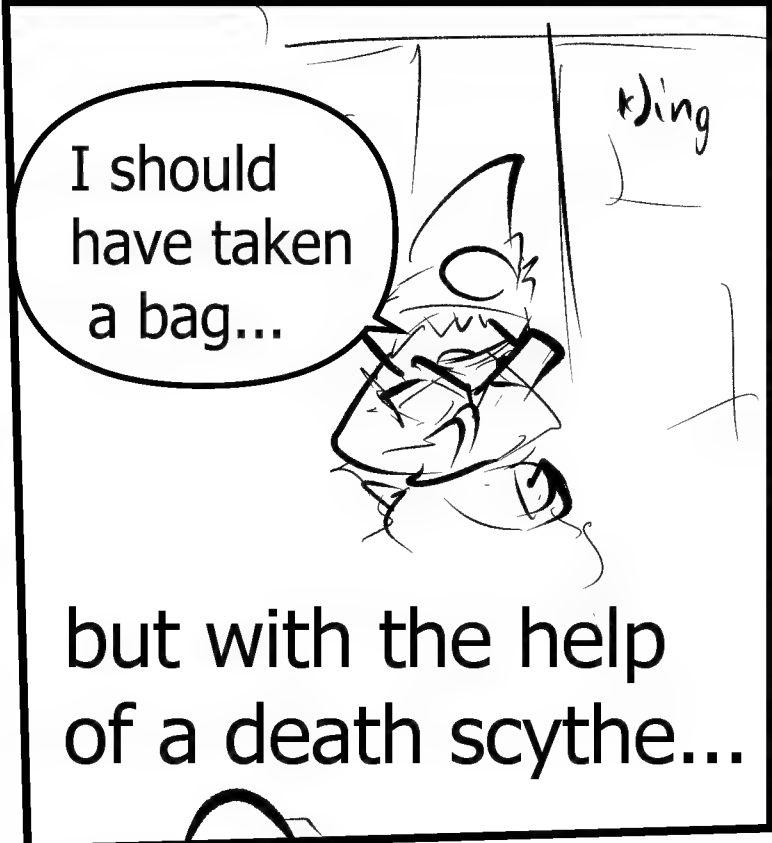

Bet he would  
like dog food  
more ...

Xslide

10% of  
on carian!

ding

A black and white comic panel showing two characters from the chest up. The character on the left has a slightly distressed or thoughtful expression, while the character on the right is smiling. They appear to be in a car or a confined space, with some mechanical parts visible in the background.

Oh that was close

Even if the joke would  
have worked better if  
the food actually dropped-

What? Anyways the  
snacks didn't fall into  
the puddle so what's  
there to complain?

A black and white comic panel featuring a character whose face is completely obscured by a large, bold 'X'. The character is wearing a dark, hooded garment. They are gesturing with their hands, suggesting a state of agreement or resignation.

Gotta agree

Food is better  
than a cheap  
slapstick routine

A black and white comic panel showing a character looking out of a window. The character's face is partially visible, and they have a somewhat weary or thoughtful expression. The background outside the window is dark and indistinct.

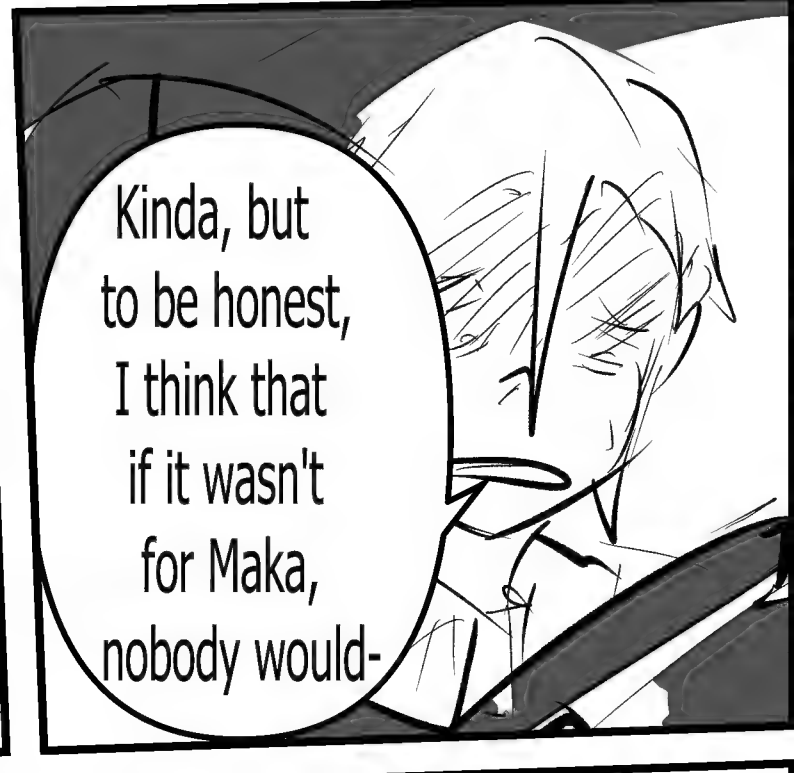

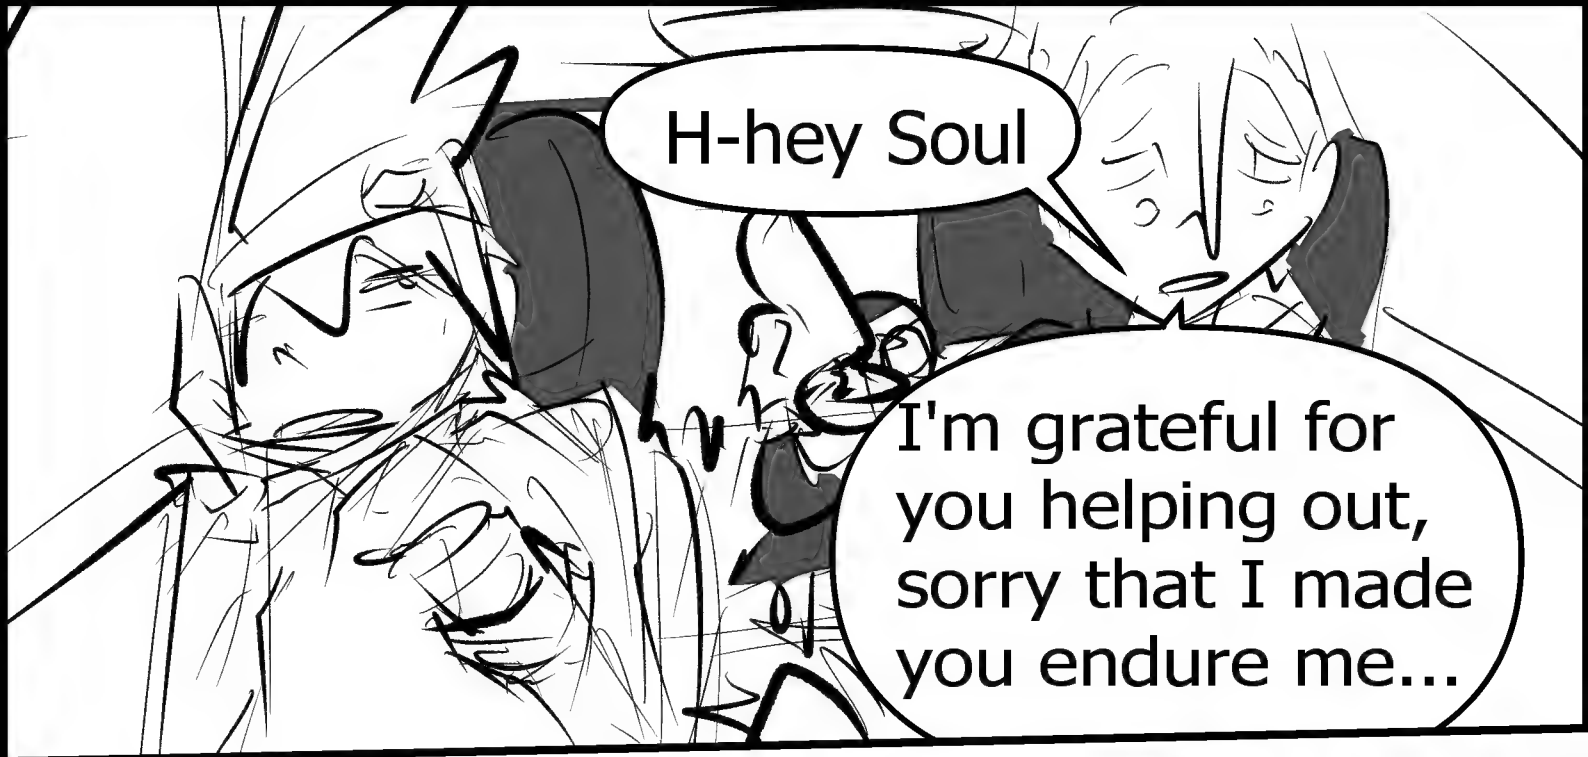

Why do I  
even try  
to be funny

Anyways, we'll  
need all the energy  
we can get

A black and white comic panel showing a character sitting in the driver's seat of a car. The character is looking towards the camera with a neutral expression. The car's interior and some exterior details are visible.

Oh, also,  
t-thanks  
for paying  
for the gas

Don't sweat it,

Did you have a fight with them or something?

Kind of...

Hey why don't I remember it???

Hm, they seemed more worried than angry about you...

But they did say something that sounded out of pocket to me

That you somehow hurt that witchgirl Angela or something?

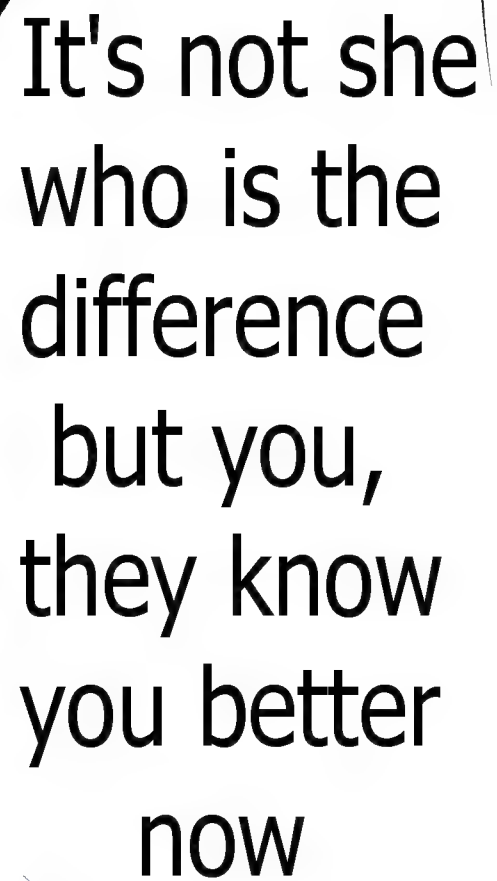

HURT?!?

I didn't! Hurt? It was just a push, I was angry, she was annoying and- and- I-I-

She didn't  
even get  
injured

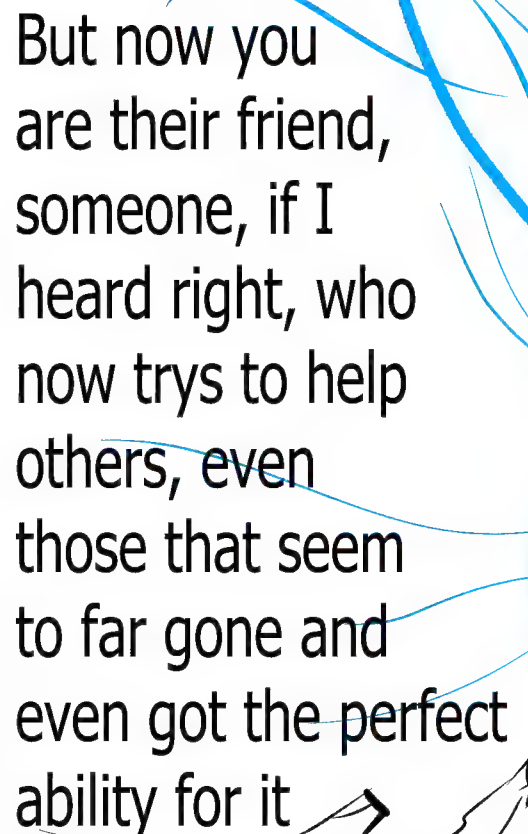

so why does everyone  
pretend that it's a big  
sin, when they never  
really cared that I killed  
so many innocents before?  
But now that a witch got-

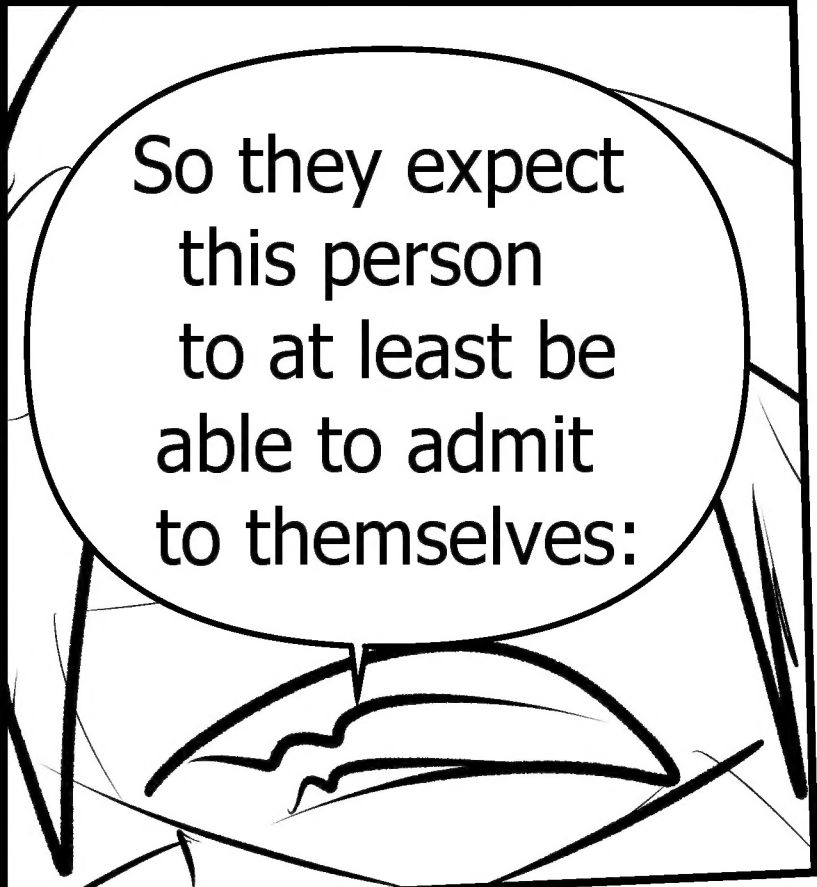

It's not she  
who is the  
difference  
but you,  
they know  
you better  
now

Before they only knew you  
as the demon swordsman,  
the weirdo psycho kid that  
nobody expected anything  
different than THAT from

But now you  
are their friend,  
someone, if I  
heard right, who  
now tries to help  
others, even  
those that seem  
to far gone and  
even got the perfect  
ability for it

So they expect  
this person  
to at least be  
able to admit  
to themselves:

That he did  
something  
wrong

You now, with  
finding out that  
I have a little  
sister myself-

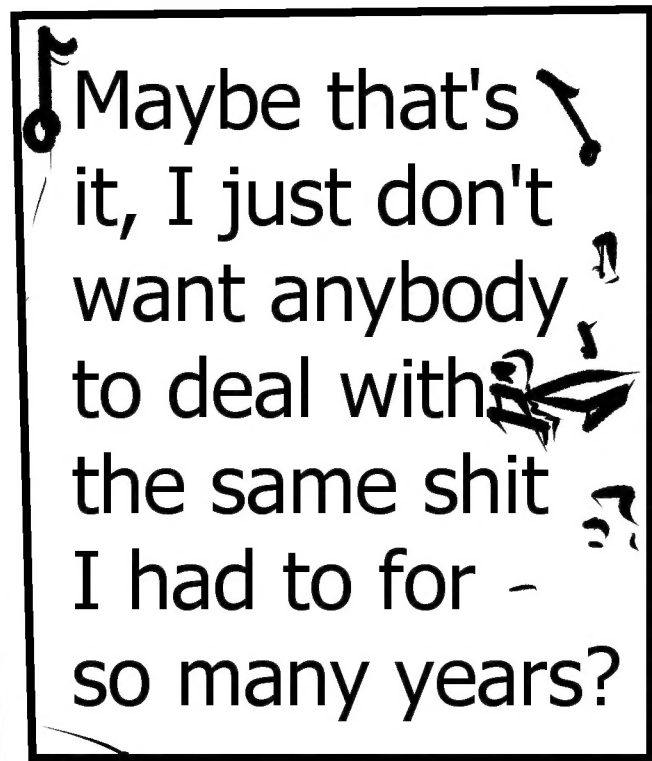

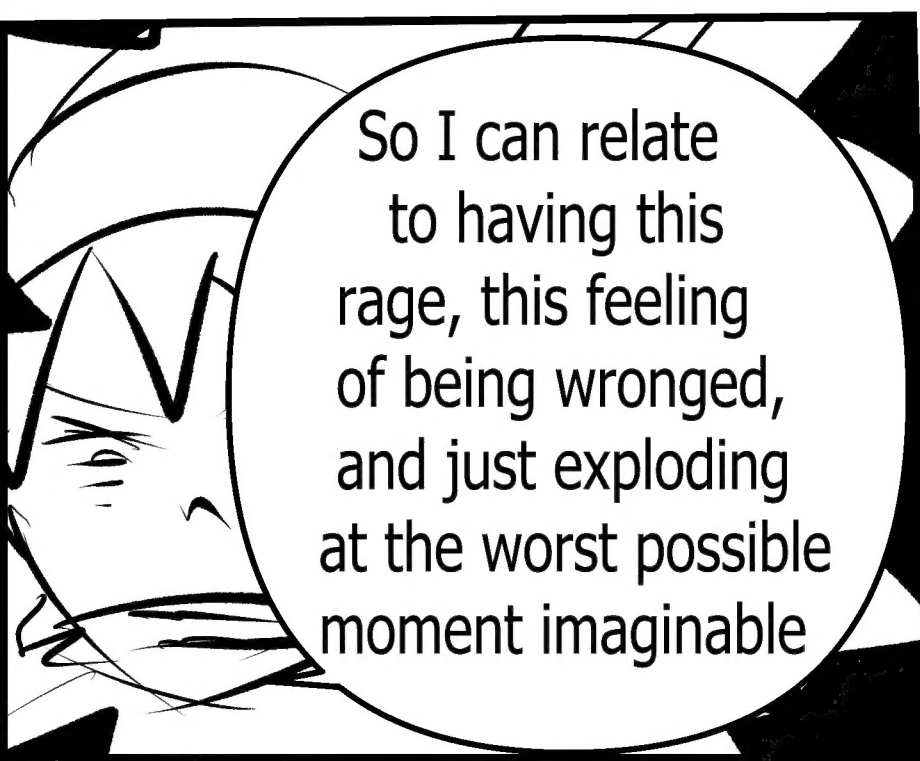

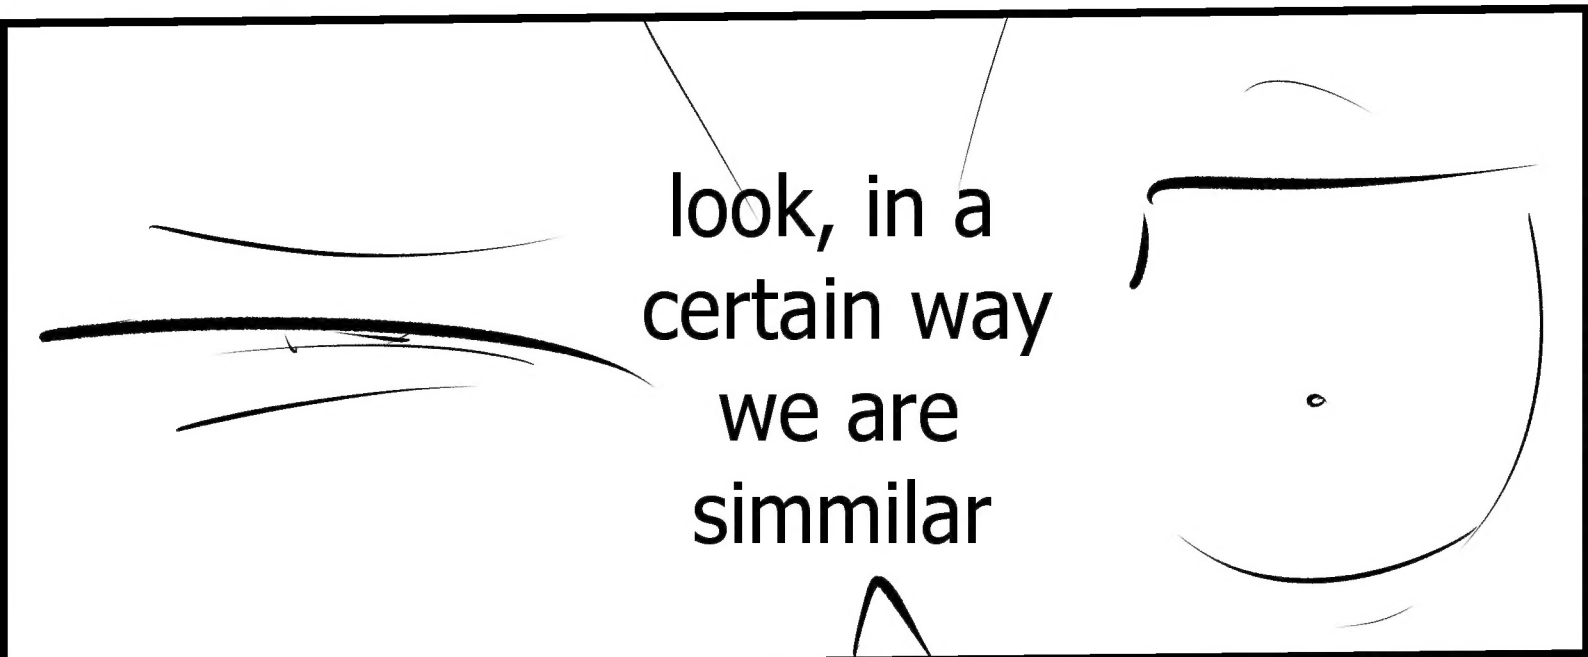

You would  
hate me to  
for that,  
right?

Maybe I'm  
supposed to

But I also had a  
bad experience  
with a witch that  
nearly cost me  
my family so-

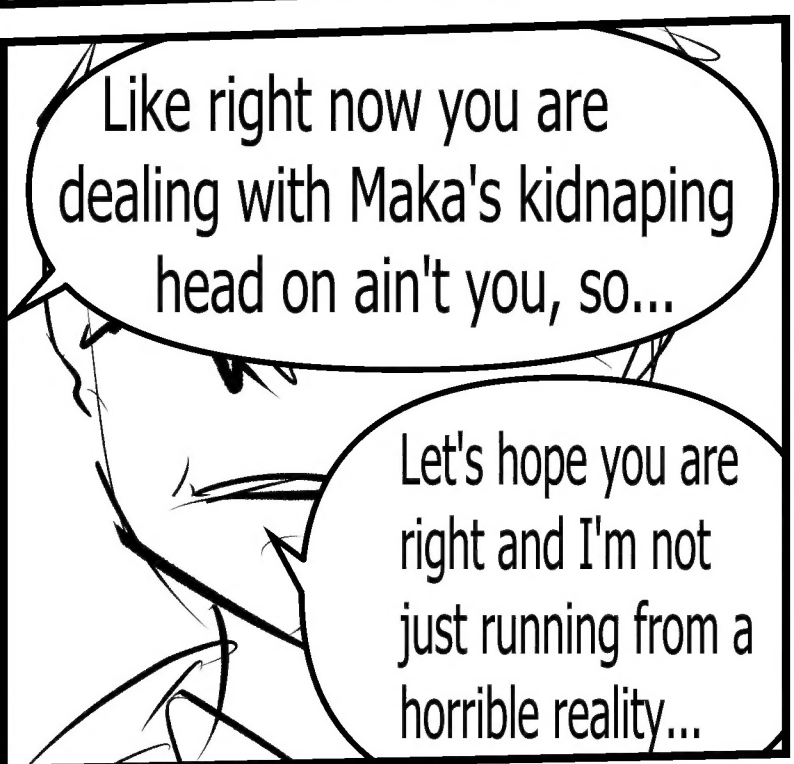

Heh, sadly, I'm  
an expert in not  
dealing with things

Tch, maybe,  
who knows...

But are  
you really?

Like right now you are  
dealing with Maka's kidnaping  
head on ain't you, so...

Let's hope you are  
right and I'm not  
just running from a  
horrible reality...

Don't be dramatic  
now, if you really  
want to confront  
reality, think about  
how you'll apologise  
to that kid once we  
come back with Maka

Maybe I should...

But then I have  
to apologise to  
Mifune too... And  
that's one person  
I don't want to  
meet right now
